

A YOUNG MAN IS HURLED HEADLONG FROM A TRAIN

**Gaylord Albright Narrowly Escaped Being Killed
in Trying to Board Moving
Car.**

MUCH EXCITEMENT AMONG A PLEASURE PARTY

Gaylord Albright, a well known young man of this city, was badly injured by a fall from the evening east bound train yesterday in the East End, and those who witnessed the occurrence assert he had a narrow escape from death.

Albright, with a party of young men and ladies, had arranged a trip to Beaver Falls, where they proposed to attend a ball given by the Quintis club of that city. Several of the young ladies making up the party resided in the East End, and the boys all alighted from the train there intending to assist the girls in boarding the train.

Albright was among the number, but remained on the platform too long, and the train was pulling out when he started to get on. He made a frantic grab for the handles and succeeded in getting a hold, but as his foot touched the step it slipped and he was hurled headlong from the train. The unfor-

THE JANITORSHIP CASE FROM WELLSVILLE

**ATTORNEY FOR PITTENGER CON-
CLUDES HIS ARGUMENT.**

**Law Cited to Prove That He Is Entitled
to His Place And to
Full Pay.**

Lisbon, February 5.—(Special).—W. F. Lones, as attorney for Dallas Pittenger, the Wellsville city hall janitor, in his case against that city for withholding his salary, concluded his argument yesterday on the demurrer. Following is a brief resume of his exposition of the case:

The old law section 2702 and the new code section 45 refer only to such work as is usually let by contract. This has always been the practice. Laws are to be construed according to the ordinary meaning given to them, and it has never been the practice to have a certificate of the auditor or any other clerk. No certificate was made when the fire chief, city engineer, clerk of board of public service, policemen or other officer or employee was appointed, and if Pittenger's appointment is unlawful on this account then the employment of all these other persons is unlawful, and if he is not entitled to his pay then none of the other officers are.

This statute 43 does not apply to the necessary running expenses of the city. The expenses of the janitor are necessary running expenses. The city hall must be heated and kept clean.

A large number of decisions of Ohio courts were cited showing this to be the law. A decision of the supreme court of the United States was also cited. More rents were collected than sufficed to pay the janitor. The janitor is properly payable out of these rents. This money does not come by taxation. The supreme court of Ohio has decided in a number of cases that the restrictions on contracting does not apply to expenses or contracts that are not to be paid out of money raised by taxation. The code says that the certificates required to be made by the auditor is to be made only to council in case where council must first authorize the contract and the code expressly states that the board of public service may hire employees without the authority of council.

The appointment of Pittenger was not a contract in the ordinary acceptance of the term, but an appointment the same as an appointment of the fire chief or policeman.

FIFTY-TWO DEFENDANTS

Brought By an Administrator for Fulfillment of a Contract.

Lisbon, February 5.—(Special).—Albert M. Baird, as administrator of the estate of the late Rebecca Shively, of West township, has filed a petition

Lisbon, February 5.—(Special).—The remaining criminal cases assigned for trial this week were disposed of this morning, two of them only temporarily, however.

The case of Ohio vs. John Heacock, of East Liverpool, in which the defendant is charged with violating the liquor law, was passed. The case of John Ecker, of East Liverpool, charged with a similar offense, was also passed on account of the serious illness of the defendant's wife. A liquor indictment against Louis Groubert, of East Liverpool, has been nolleed.

A number of civil cases assigned, having been passed, Judge Hole excused the jury until Monday at 1 p. m.

Lisbon, February 5.—(Special).—The firm of Wilson, Close & Co., of Iowa City, Ia., has filed suit here against William Dadds, of Salineville, asking judgment for \$186, with interest from July 9, 1903. The amount is alleged to be due on a consignment of flavoring extracts.

DRUNKEN WITNESS FROM WELLSVILLE

**He Incurs the Judge's Displeasure
and Is Fined and Sent
to Jail.**

THE CASE COULD NOT GO ON

Lisbon, February 5.—(Special).—East Liverpool and Wellsville seem to have contributed more than their usual quota of drunken witnesses to this term of criminal court. Yesterday afternoon the two cases of Ohio against Frank Gelsse, a Wellsville saloonkeeper, charged with assault and battery, and a violation of the liquor laws, had to be passed on account of the maudlin condition of James Stewart, the principal witness for the state, who was sentenced to five days in jail for contempt of court.

When the case was called Prosecutor McGarry asked the court that it be passed for the reason that Stewart, who was an eye witness of the alleged affair, was too drunk to give intelligent testimony.

Judge Hole ordered the witness brought forward and as Stewart rolled into the bar rail the court bailiff pushed him a chair in front of the judge's desk. Stewart thought he was to tell his story and held up his hand to be sworn. After the witness was seated Judge Hole said to him:

"The prosecuting attorney has said that you are not in a condition to testify in the case and your appearance is abundant evidence that the statement is true. You may stand up."

Stewart again held up his hand to be sworn, but the court imposed the jail penalty, after explaining to the man that his response to a subpoena in such condition was contempt of court. The judge questioned him as to who had supplied him with liquor and he said he had brought it with him from Wellsville.

A STRENUOUS FIGHT OF RAILROAD OFFICERS WITH A LONE ROBBER ON THE RIVER BANK

Determined to put an abrupt end to the thieving of a well organized gang of robbers which, it is believed, has inhabited the city for a long time and carried on depredations incessantly, Detectives Jewell and Baker, employed by the C. & P. railroad, have resorted to desperate means to bring about the desired results. The sleuths have been watching for the marauders every night of late and only last Sunday evening they had one of the most exciting experiences of their lives.

Word had reached them that a vast amount of coal had been stolen from the West End flint mill and they decided to station themselves in an obscure place for the purpose of catching the bold robbers in the very act. But the band was under cover but a short time

PROPOSED LAW AS TO PRIMARIES

Its Provisions—Heavy Penalties in
Case of Violation.**

Columbus, February 5.—(Special).—The Ohio legislature is confronted with a practical primary election law drawn by an expert in election matters and covering the ground thoroughly.

Representative Bronson, of Franklin, introduced his compulsory primary bill in the house. He is chairman of the house committee on elections, which guarantees the bill a hearing.

The proposed primary law provides that all candidates for city and county offices must be nominated under the operation of this law, either by direct vote for the candidate or by delegates to a convention, elected by direct vote.

The bill provides for primaries on the first Tuesday in March for the candidates for municipal offices and on the first Tuesday in September for county candidates. The polls are to be open from 8 a. m. until 8 p. m. and only those who have registered at the last preceding election or who may register by affidavit or by going before the county board of elections, may vote at these primaries.

Heavy penalties, the maximum being five years in the penitentiary, are provided against violation of the primary laws. All the safeguards which now surround the regular election are made applicable to the primary elections by this bill.

TWO WIVES SECURE DIVORCE PAPERS

**Mrs. John Showalter And Mrs. Zach
Barker, of This City, Each
Win a Suit.**

Lisbon, February 5.—(Special).—Two divorce cases from East Liverpool were heard by Judge Hole in court yesterday afternoon, divorce being granted in each case. Clarinda Showalter was divorced from John Showalter and the plaintiff is allowed to assume her maiden name, which was not given. The petition said they were married January 1, 1892, and have one child, Pearl, 11 years old. Wilful absence and gross neglect were charged, the husband having abandoned her soon after their marriage. He never contributed anything to her support.

Oliver Barker was granted a divorce from Zachariah Barker and her maiden name, Olive Bowen, was restored. They were married April 29, 1899, at Parkersburg, W. Va., and have no children. Unfaithfulness was charged, the wife alleging that her husband lived with one Anna Whitacre in Chester for months and he represented the woman to be his wife, and with her acquiescence introduced her publicly as such.

HEALTH BOARD MEETS TONIGHT

**The Sewer Question The Principal
Matter That Is Now Cause-
ing Worry.**

ORDERS WERE DISREGARDED

Among other important matters to be discussed by the board of health at its meeting this evening is the sewer question. The board has almost gone the limit with this topic, but it lies within the power of the members to enforce certain orders issued by them and it is not unlikely that they will take some action toward that end in the near future.

The sewer district No. 2 has given them no end of trouble, but they are mostly interested just at present in the conditions existing up Bradshaw avenue and adjacent streets. It will be recalled that they informed council of the necessity of laying a sanitary sewer up that thoroughfare for the protection of the numerous people living in that vicinity and also to give the board of education some way of disposing of the sewage from the McKinley school building. Council respected the wishes of the health board in a manner by ordering the board of public service to do the work, but the latter body is handicapped by having no funds and the conditions are even worse now than ever before.

The health board at one time even went so far as to order the pipes detached from the storm sewer running up Bradshaw avenue, but that has never been done, and the board feels that it is high time something is being done.

George Potter agreed not long ago to furnish the money to lay the sewer with the one proviso that it be returned to him in a stated time, but that was never accepted and still the people living in that vicinity are without sanitary protection.

It is not known just what action will be taken by the board, but it will make a strenuous endeavor to have past orders carried out.

MR. HILL LED THE FIGHT AGAINST A DRASTIC BILL

**Bassett Measure Sought to Make It a Peniten-

Jail.**

IT STOOD NO CHANCE OF BECOMING A LAW

From a Staff Correspondent.

Columbus, February 5.—Mr. Hill, of Columbiana, led the fight against the Bassett bill, seeking to make it a crime to break jail, which was defeated in the house yesterday afternoon. The arguments for and against were spirited, but when the measure was voted upon it was apparent before the result was announced it stood no show of passing. Mr. Hill took the position that it is an inherent right to try to escape and declared a person should not be punished for doing that which is but natural.

The prevailing sentiment was that the punitive features of the measure were too drastic. Under the bill

VERDICT OF ACQUITTAL IN STELLA MEARS CASE

**The Charge That Beer Was Sold in
Her Saloon on Sunday
Not Proven.**

Lisbon, February 5.—(Special).—The case of Ohio vs. Stella Mears Daugherty came on for trial in court here at 3:30 o'clock yesterday afternoon and reached the jury at 5 o'clock. Mrs. Daugherty, who has a saloon in East Liverpool, was charged with selling and keeping open on Sunday. The jury returned a verdict of acquittal, after having been out a short time.

The infraction of the law with which Mrs. Daugherty was charged was alleged to have occurred on the afternoon of Sunday, December 27, when one of her bartenders, William Jackson, was said to have sold six bottles of beer and a pint of whisky to two colored men, Robert Hopkins, of East Liverpool, and Edward Crumley, of Wellsville. Hopkins and Crumley told straightforward stories of having bought and paid for the liquor in the presence of Mrs. Daugherty.

The defendant and her two bartenders denied that the colored men were in the saloon on the Sunday in question and said that another colored man named Craig had intimidated them into trying to make trouble for Mrs. Daugherty. W. F. Lones, of Wellsville, was the defendant's attorney.

Lisbon, February 5.—(Special).—At 3 o'clock yesterday afternoon, the jury in the case of Ohio vs. William Colledge brought in a verdict of acquittal, after having been out an hour and a half. Colledge was charged with having stolen a sum of money from an upstairs room at the home of George Noble, Sr., a Wellsville saloonkeeper.

To those who heard the evidence, the verdict was quite a surprise. Attorneys W. F. Lones and Charles Boyd, of Wellsville, defended Colledge.

should a common drunk escape from a village lockup he would be guilty of a crime punishable by imprisonment in the penitentiary. There would also be opportunity for unscrupulous officials to take advantage of victims of the law against whom they might have a grudge by making it possible for them to break jail only to be re-apprehended and be held for a penitentiary offense.

SCHOOL CODE BILL IS INTRODUCED

**IT MAKES NUMEROUS RADICAL
CHANGES IN THE LAW.**

**Fixes the Minimum Salary of a Teacher
at \$40 a Month And Clas-
sifies Districts.**

Columbus, February 5.—(Special).—The Harrison school code, drawn by State School Commissioner Bonebrake and endorsed by Governor Herriek and his cabinet, was introduced yesterday afternoon in both branches of the legislature. The municipal code is to be followed in the matter of school boards. There will be a member selected from each ward and three at large.

One-third of the school board membership is to be selected in cities each year and the term is to be three years. A compensation of \$2 per meeting night, not to exceed 25 nights per year in cities and 12 nights per year in other districts, is provided.

The superintendent has only the right to nominate teachers, who are to be confirmed by the school board.

The state is divided into four classes of school districts: city, village, township and special. All boards of education in these, except cities, shall consist of five members, elected at large. Sub-districts in townships are abolished and one board will have control over all the township schools with the power to centralize all or part of them. Authority is given for joint village high schools.

The bill will elevate about 80 per cent of the present special districts into either cities or village districts.

Permission is given for the employment of a business agent or manager. The establishment of school fund depositories are allowed, but is not made mandatory, and if funds are deposited in banks the rate of interest must not be less than 2 per cent.

A minimum of \$40 per month is fixed for a teacher's salary.

Several of his companions jumped from the train and ran to his assistance and he was picked up more dead than alive. Meanwhile the conductor had been informed of the accident, and stopping the train, backed up to where the injured man had fallen. He was taken aboard the train and restoratives administered. By the time the party reached its destination Mr. Albright had so far recovered as to be able to leave the train unassisted, but is reported to be in a bad way today.

THE JANITORSHIP CASE FROM WELLSVILLE

ATTORNEY FOR PITTENGER CON-
CLUDES HIS ARGUMENT.

Law Cited to Prove That He Is Enti-
tled to His Place And to
Full Pay.

Lisbon, February 5.—(Special).—W. F. Lones, as attorney for Dallas Pittenger, the Wellsville city hall janitor, in his case against that city for withholding his salary, concluded his argument yesterday on the demurrer. Following is a brief resume of his exposition of the case:

The old law section 2702 and the new code section 45 refer only to such work as is usually let by contract. This has always been the practice. Laws are to be construed according to the ordinary meaning given to them, and it has never been the practice to have a certificate of the auditor or the clerk before appointing a policeman or another officer or employee. If this was required there is not a legally appointed officer in Wellsville or any other city. No certificate was made when the fire chief, city engineer, clerk of board of public service, policeman or other officer or employee was appointed, and if Pittenger's appointment is unlawful on this account then the employment of all these other persons is unlawful, and if he is not entitled to his pay then none of the other officers are.

This statute 43 does not apply to the necessary running expenses of the city. The expenses of the janitor are necessary running expenses. The city hall must be heated and kept clean. A large number of decisions of Ohio courts were cited showing this to be the law. A decision of the supreme court of the United States was also cited. More rents were collected than sufficed to pay the janitor. The janitor is properly payable out of these rents. This money does not come by taxation. The supreme court of Ohio has decided in a number of cases that the restrictions on contracting does not apply to expenses or contracts that are not to be paid out of money raised by taxation. The code says that the certificates required to be made by the auditor is to be made only to council in case where council must first authorize the contract and the code expressly states that the board of public service may hire employees without the authority of council.

The appointment of Pittenger was not a contract in the ordinary acceptance of the term, but an appointment the same as an appointment of the fire chief or policeman.

Lisbon, February 5.—(Special).—East Liverpool and Wellsville seem to have contributed more than their usual quota of drunken witnesses to this term of criminal court. Stewart again held up his hand to be sworn, but the court imposed the jail penalty, after explaining to the man that his response to a subpoena in such condition was contempt of court. The judge questioned him as to who had supplied him with liquor and he said he had brought it with him from Wellsville.

ORDERS WERE DISREGARDED

Among other important matters to be discussed by the board of health at its meeting this evening is the sewer question. The board has almost gone the limit with this topic, but it lies within the power of the members to enforce certain orders issued by them and it is not unlikely that they will take some action toward that end in the near future.

The sewer district No. 2 has given them no end of trouble, but they are mostly interested just at present in the conditions existing up Bradshaw avenue and adjacent streets. It will be recalled that they informed council of the necessity of laying a sanitary sewer up that thoroughfare for the protection of the numerous people living in that vicinity and also to give the board of education some way of disposing of the sewage from the McKinley school building. Council respected the wishes of the health board in a manner by ordering the board of public service to do the work, but the latter body is handicapped by having no funds and the conditions are even worse now than ever before.

The health board at one time even went so far as to order the pipes detached from the storm sewer running up Bradshaw avenue, but that has never been done, and the board feels that it is high time something is being done.

George Potter agreed not long ago to furnish the money to lay the sewer with the one proviso that it be returned to him in a stated time, but that was never accepted and still the people living in that vicinity are without sanitary protection.

It is not known just what action will be taken by the board, but it will make a strenuous endeavor to have past orders carried out.

MR. HILL LED THE FIGHT AGAINST A DRASTIC BILL

Bassett Measure Sought to Make It a Peniten-
tiary Offense to Break
Jail.

IT STOOD NO CHANCE OF BECOMING A LAW

From a Staff Correspondent.

Columbus, February 5.—Mr. Hill, of Columbiana, led the fight against the Bassett bill, seeking to make it a crime to break jail, which was defeated in the house yesterday afternoon. The arguments for and against were spirited, but when the measure was voted upon it was apparent before the result was announced it stood no show of passing. Mr. Hill took the position that it is an inherent right to try to escape and declared a person should not be punished for doing that which is but natural.

The prevailing sentiment was that the punitive features of the measure were too drastic. Under the bill

should a common drunk escape from a village lockup he would be guilty of a crime punishable by imprisonment in the penitentiary. There would also be opportunity for unscrupulous officials to take advantage of victims of the law against whom they might have a grudge by making it possible for them to break jail only to be re-apprehended and be held for a penitentiary offense.

Mr. Crist introduced a joint resolution of 16,000 acts of Howe's Historical authorizing the printing and distribution of 16,000 acts of New's Historical Works. He offered a similar resolution in the house two years ago. Each member of the general assembly will receive 100 sets for distribution.

VERDICT OF ACQUITTAL IN STELLA MEARS CASE

The Charge That Beer Was Sold in
Her Saloon on Sunday
Not Proven.

Lisbon, February 5.—(Special).—The case of Ohio vs. Stella Mears Daugherty came on for trial in court here at 3:30 o'clock yesterday afternoon and reached the jury at 5 o'clock. Mrs. Daugherty, who has a saloon in East Liverpool, was charged with selling and keeping open on Sunday. The jury returned a verdict of acquittal, after having been out a short time.

The infraction of the law with which Mrs. Daugherty was charged was alleged to have occurred on the afternoon of Sunday, December 27, when one of her bartenders, William Jackson, was said to have sold six bottles of beer and a pint of whisky to two colored men, Robert Hopkins, of East Liverpool, and Edward Crumley, of Wellsville. Hopkins and Crumley told straightforward stories of having bought and paid for the liquor in the presence of Mrs. Daugherty.

The defendant and her two bartenders denied that the colored men were in the saloon on the Sunday in question and said that another colored man named Craig had intimidated them into trying to make trouble for Mrs. Daugherty. W. F. Lones, of Wellsville, was the defendant's attorney.

COLLEDGE ACQUITTED

The Charge of Robbery Against the
Wellsville Young Man
Not Sustained.

Lisbon, February 5.—(Special).—At 3 o'clock yesterday afternoon, the jury in the case of Ohio vs. William Colledge brought in a verdict of acquittal, after having been out an hour and a half. Colledge was charged with having stolen a sum of money from an upstairs room at the home of George Noble, Sr., a Wellsville saloonkeeper.

To those who heard the evidence, the verdict was quite a surprise. Attorneys W. F. Lones and Charles Boyd, of Wellsville, defended Colledge.

NEW GAS WELL

Which Appears Promising, Has Been
Struck in the Leetonia
Field.

Lisbon, February 5.—(Special).—Oil and gas prospectors, who have been drilling on the Gilbert farm, between Columbiana and Leetonia, last night struck a good showing of gas. The drillers have found but little water in this well, and when it is drilled in tomorrow it is expected to be a good producer of oil or gas.

Boys Will Be Arrested.

'Squire McLane has decided to let the law take its course in the truancy cases of William and Walter Wright and Roy Green. Warrants for the arrest of the trio were placed in the hands of Constable Powell this afternoon and the boys will be arrested on sight.

SCHOOL CODE BILL IS INTRODUCED

IT MAKES NUMEROUS RADICAL
CHANGES IN THE LAW.

Fixes the Minimum Salary of a Teacher
at \$40 a Month And Clas-
sifies Districts.

Columbus, February 5.—(Special).—The Harrison school code, drawn by State School Commissioner Bonebrake and endorsed by Governor Herrick and his cabinet, was introduced yesterday afternoon in both branches of the legislature. The municipal code is to be followed in the matter of school boards. There will be a member selected from each ward and three at large.

One-third of the school board membership is to be selected in cities each year and the term is to be three years. A compensation of \$2 per meeting night, not to exceed 25 nights per year in cities and 12 nights per year in other districts, is provided.

The superintendent has only the right to nominate teachers, who are to be confirmed by the school board.

The state is divided into four classes of school districts: city, village, township and special. All boards of education in these, except cities, shall consist of five members, elected at large. Sub-districts in townships are abolished and one board will have control over all the township schools with the power to centralize all or part of them. Authority is given for joint village high schools.

The bill will elevate about 80 per cent of the present special districts into either cities or village districts.

Permission is given for the employment of a business agent or manager. The establishment of school fund depositories are allowed, but is not made mandatory, and if funds are deposited in banks the rate of interest must not be less than 2 per cent.

A minimum of \$40 per month is fixed for a teacher's salary.

ONLY ONE STORY AND THAT A LIE

The Paper Which Gives "the News in
Advance" Lags Sadly in
the Rear.

Once more a morning paper goes before the public with but one story on its front page, and that one a base fabrication, but people knowing the chap who wrote it are not surprised. The reports published in the News Review concerning the prevalence of crime in the city were based upon the statements of Officers Auferheide, Dunn, Dawson and Mahoney and of W. L. Taylor, of the safety board, and the above named officers stated that their remaining brother policemen were in accord with their sentiments. If that is not sufficient authority, perhaps the Tribune will say what is.

A LATER CONVENTION.

The Pottery Herald is authority for the statement that three East Liverpool locals, Nos. 4, 9 and 12, have adopted a resolution favoring a change in the time of holding national conventions from May until July. The resolution, which is printed herewith in full, will be submitted to a vote of the trade. Each local will receive official notification and an early vote is expected.

The resolution is as follows:

Whereas, The time for holding the next convention is drawing near, and as the general ware potters have an agreement with the manufacturers which does not expire until October 1, 1905, and the sanitary potters do not meet in conference with the sanitary manufacturers until some time in August, we believe it will be to the best interests of all concerned to change the date of our next convention, and

Whereas, By holding the convention in July when the potteries are closed down all local unions will have an opportunity to send, as delegates, their most capable members, and

Whereas, It will, in a financial way, be much cheaper, the National Union will be able to secure better rates and the delegates will not have to leave their work to attend.

Therefore, Be it resolved, that the date for holding the national convention be changed from the first Monday in May to July 6, 1904.

NEW CASTLE NOTES.

New Castle, February 5.—Local No. 54 at their regular meeting granted transfer cards to Joseph Hester, at Derry, Oswald Rowley, Buffalo, and William Selby, Sebring. There were two cards received, John Johnson, dipper, and Peter Beurie, sanitary ware presser, from Trenton.

The China works are still closed and no prospects of starting. Of course there are all kinds of rumors but there seems to be nothing to them.

The Universal has got started again after having a week's loss on account of shortage of material. It has plenty of orders and prospects are good for a steady run.

At the Shenango they are rushed to the fullest capacity and their cry is "more ware." Three printers are working overtime, also the glass kilnmen.

Sam Brooks, the dishwasher from Barborton, has started sticking up here; also George Gardner, formerly of East Liverpool, but late of Coshocton, and Bother Newman, from Evansville.

James Sullivan, late of Barborton, has accepted the jug figger vacated by Dan Fitzgerald.

John Coleman is still operating Harry Hendricks' figger, the latter having been on the sick list since before Christmas.

"Nockey" Ambis is still improving and expects to leave the hospital soon.

INTERESTED IN COOPERAGE.

Lewis B. Shaw, of Gallipolis, president of the Shaw-Gatewood Lumber company, whose timber tract and plant are at Midway, W. Va., is spending a few days in the city en route to Pittsburgh, where he will visit his friend, Prof. Rinearson, principal of the high schools there. Mr. Shaw while not in any way engaged in the pottery industry is very much interested, as his company has been furnishing large quantities of staves to cooperage plants in this city and section. F. W. McCain, a brother of T. W. McCain, of the East End, is located at Midway.

Secretary Ed Menge, of the National Brotherhood, filled out three charters for recently organized locals yesterday afternoon and they will be forwarded today. The locals are Carrollton, Coshocton and Buffalo, the two last named having been organized within the last two weeks. Until a pottery plant is built in some new town the work of organizing new locals is at an end.

SMOKING CIGARETTES
RUINOUS TO YOUTH

Youngstown Police Chief Believes That the Practice Leads to Much Crime.

Chief of Police W. W. McDowell, of Youngstown, in his annual report deals with crime and criminals like an expert criminologist. However, Youngstown furnishes a splendid field for observation, as there were 7,225 arrests made during the year.

Chief McDowell makes some very timely deductions as to the use of narcotics and cigarettes, and also treats the gambling mania in an intelligent manner. That portion of his report referring to cigarettes is as follows:

It is a well recognized fact that 80 per cent of all criminals of the professional class, use some form of narcotic drug. It is also a fact that a large percentage of all the users of narcotic drugs are criminally inclined. The use of narcotics are generally due to a species of progression. They do not become "fiends" at once. It is not a habit suddenly acquired. It is generally the result of the smoking of cigarettes in early life when the habits and inclinations are being formed.

There is no other practice so bad for the youth of our country as the smoking of cigarettes, as no other practice leads so directly and so certainly to so many other bad things. Cigarette smoking has caused the downfall of more youths than any other one thing. Cigarettes, and the drugs to which they lead, is not only more certain in their effects, but they have worse effects than whisky and they come quicker. During the last year we have had many victims of this habit under our care. In one case a young boy was a raving maniac for days as a result of the drug habit brought about in a short time by the use of cigarettes. This department has but little power to regulate this evil and its suppression and perpetuation of our energetic race must depend upon the home and home influences.

A Cure For Eczema.

My baby had eczema so bad that its head was a solid mass of scabs, and its hair all came out. I tried many remedies but none seemed to do any permanent good until I used DeWitt's Witch Hazel Salve. The eczema is cured, the scabs are gone and the little one's scalp is perfectly clean and fully again. I cannot give too much praise to DeWitt's Witch Hazel Salve. —Frank Farmer, Bluff City, Ky. In healthy, and its hair growing beautifully. DeWitt's is the original and the only one containing pure witch hazel. The name E. C. DeWitt is on every box. Sold by Alvin H. Bulger.

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. Sold by Alvin H. Bulger.

EAST END

REPORTED CAPTURE OF
A MONSTER CAT FISH

Fisherman Near Little Beaver Lands An Enormous Fish, According to a Report This Morning.

It was reported in the East End this morning that the big cat fish encountered by a number of fishermen along Little Beaver creek had been captured and that it tipped the beam at 11 pounds. The report could not be confirmed. The monster fish is said to have been caught in a shallow pool formed in a wheat field by the back water from the river during the recent flood. The pool is full of fish that were prevented from reaching the river when the ice went down by ice gorging at the opening.

A young man by the name of Mountz is said to have caught the fish and that it was almost dead from numerous big wounds inflicted by other fishermen who were trying to land it. Hundreds of small fish have been caught in the pond and fishing is still in progress.

JESSE SMITH WELL

IS DUE IN TODAY

Stockholders Were At the Scene to See It Come In—Abandoned Well Making Oil.

The third well of the Rock Run Oil and Gas company, located on the Jesse Smith farm, a short distance from the East End, was to have been drilled in today and a number of the stockholders of the company, including Attorney J. E. Davis, Frank Allabaugh, W. C. Smith and Dr. William Calhoun went to the farm this morning.

It is stated that the drill has reached a depth of near 700 feet and that the pay sand would be reached today. Although several wells were drilled years ago within a few miles of this one, it is practically a new field.

An abandoned oil well along Dry Run, owned by Dr. Marshall, has been making both oil and gas lately. It is stated that the owner had made arrangements to pump the well when the well was ruined by some boys who almost filled it with rocks.

YOUR HUSBAND
WORKS TOO HARD

Nearly every wife feels that her husband works too hard, and worries because he will not take the rest she knows he needs. She sees how tired and exhausted he is at night and how his sleep fails to rest him. She knows that his business is killing him—but she also knows that he will stick to his work just as long as he is able to stand.

If he could only take a vacation, if she could only get him away from business for a few weeks—but that is out of the question.

It is in cases of this kind that Rexall Mucu-Tone proves its rare value.

We could do a great work if we could only convince every woman who reads this newspaper that Rexall Mucu-Tone will do her tired-out husband as much good as a vacation—that it will brace him up physically and mentally, replenish his waning vitality and make him strong and well.

WHAT CATARRH REALLY MEANS.

Mucu-Tone is primarily a catarrh cure, but the term catarrh is very broad. It signifies a congestion of the mucous membranes due to the inability of the body, through close confinement and lack of outdoor exercise, to throw off the poisons that gather in the system, a condition that affects the entire organism of the sufferer, causing him to feel run down, worn out, weak, nervous and despondent.

Mucu-Tone not only corrects these conditions, driving out the poisons and restoring health, but it is a powerful tonic and system-builder as well. It brings new

energy, cheerfulness, hopefulness, after the first few doses, and its continued use for a few weeks works permanent benefits in the nerves, muscles and sinews of the entire body.

Just persuade your husband to try Mucu-Tone, and note the wonderful change within a few days. It is your duty, and when he experiences the new life and strength it brings him, he will thank you from the bottom of his heart.

You need not hesitate buying a bottle of Rexall Mucu-Tone—our guarantee protects you completely. If for any reason you

HEALTH BETTER THAN FOR YEARS.

"Gentlemen—I was run down and worn out. Couldn't eat and couldn't sleep. As tired in the morning as when I went to bed. Unable to concentrate my mind and business simply going to the dogs. Tried Mucu-Tone under protest. Saw no reason why a catarrh remedy would do me any good and was disgusted with medicine in general. Took your advice finally and am mighty glad I did. Two months of this remedy fixed me up. Health now better than for years. Many thanks.

Thos. T. Jenkins

are not more than satisfied, return the empty bottle to us and we will promptly refund the money. Could any offer be fairer than that? We know what Rexall Mucu-Tone has done for thousands of worn-out, discouraged men and women, and we believe that your case will be no exception.

owed for rent, had them attached.

The necessary legal steps have been taken and as Casto has failed to put in an appearance or make any defense the goods attached were sold this afternoon at public auction to satisfy Buckle's judgment.

Small Boys In Trouble.

Officer John Spence captured a number of small boys in Chaffinsville and hauled them to the fire station upon complaint of a number of Italians who live on Erie street. The boys had been amusing themselves at the expense of the sons of Italy by throwing rocks and other missiles at them. Several windows were broken. Mayor Weaver was communicated with and the boys were released after they had promised to pay for the windows.

Evangelistic Meetings.

Arrangements are being made by the pastor and congregation of the Second Presbyterian church for a series of evangelistic meetings to be held at that church. The first of these meetings will be held on the last Sunday in this month, and will be continued indefinitely. The series promises to be productive of much good.

Fire Escape Shipped.

Robert Larkins has received word from Sandusky that the fire escape recently ordered for Larkins' hall had been shipped from that city. The device will be placed at the north side of the building reaching two windows on the upper floors and leading into Fire alley. It will be placed in position without delay.

Sodaker to Be Married.

It is reported today that Robert Sodaker, proprietor of a First avenue cafe, will be married within the next week to a Pittsburg young lady. Mr. Sodaker tried hard to keep the news from his many friends, but last night when confronted with the rumor he was compelled to admit the truth.

Tendered a Surprise.

At the conclusion of the business meeting of the Young People's Society of the Second Presbyterian church the members adjourned to the home of J. B. Elliott, on St. George street, where they tendered him a surprise. The remainder of the evening was pleasantly spent in a social way.

Missionary Meeting.

The Ladies' Missionary Society of the Second Presbyterian church met yesterday afternoon at the home of Rev. and Mrs. J. N. Swan on Ohio avenue. Arrangements for the annual praise service and thank offering were discussed among other important business matters.

The Jolly Social club was entertained last night at the home of Mr. and Mrs. Lyman Earle, of St. George street.

Rev. D. W. McQuiston is recovering from an attack of the grip and Mrs. McQuiston, suffering with the same malady, is better.

There is more Chanah in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a fatal disease and prescribed local remedies, and by constantly fattening to cure with local treatment pronounced it incurable. Science has proven Chanah to be a constitutional disease and therefore requires constitutional treatment. Hall's Family Pills, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from one drop to a teaspoonful. It acts directly upon the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Hall's Family Pills are the best.

Ephraim Willis is still visiting his brother Frank, on account of being so unfortunate as to have his leg broken several weeks ago. He is improving.

Relief in One Minute.

One Minute Cough Cure gives relief in one minute, because it kills the microbe which tickles the mucous membrane, causing the cough, and at the same time clears the phlegm, draws out the inflammation and helps and soothes the affected parts. One Minute Cough Cure strengthens the lungs, wards off pneumonia and is a harmless and never failing cure in all curable cases of coughs, colds and croup. One Minute Cough Cure is pleasant to take, harmless and good alike for young and old. Sold by Alvin H. Bulger.

SMOKING CIGARETTES
RUINOUS TO YOUTH

Youngstown Police Chief Believes That the Practice Leads to Much Crime.

Chief of Police W. W. McDowell, of Youngstown, in his annual report deals with crime and criminals like an expert criminologist. However, Youngstown furnishes a splendid field for observation, as there were 7,225 arrests made during the year.

Chief McDowell makes some very timely deductions as to the use of narcotics and cigarettes, and also treats the gambling mania in an intelligent manner. That portion of his report referring to cigarettes is as follows:

It is a well recognized fact that 80 per cent of all criminals of the professional class, use some form of narcotic drug. It is also a fact that a larger percentage of all the users of narcotic drugs are criminally inclined. The use of narcotics are generally due to a species of progression. They do not become "fiends" at once. It is not a habit suddenly acquired. It is generally the result of the smoking of cigarettes in early life when the habits and inclinations are being formed.

There is no other practice so bad for the youth of our country as the smoking of cigarettes, as no other practice leads so directly and so certainly to so many other bad things. Cigarette smoking has caused the downfall of more youths than any other one thing. Cigarettes, and the drugs to which they lead, is not only more certain in their effects, but they have worse effects than whisky and they come quicker. During the last year we have had many victims of this habit under our care. In one case a young boy was a raving maniac for days as a result of the drug habit brought about in a short time by the use of cigarettes. This department has but little power to regulate this evil and its suppression and perpetuation of our energetic race must depend upon the home and home influences.

A Cure For Eczema.

My baby had eczema so bad that its head was a solid mass of scabs, and its hair all came out. I tried many remedies but none seemed to do any permanent good until I used DeWitt's Witch Hazel Salve. The eczema is cured, the scabs are gone and the little one's scalp is perfectly clean and fully again. I cannot give too much praise to DeWitt's Witch Hazel Salve. It is healthy, and its hair growing beautifully. Witch Hazel Salve look out for counterfeits. DeWitt's is the original and the only one containing pure witch hazel. The name E. C. DeWitt is on every box. Sold by Alvin H. Bulger.

REPORTED CAPTURE OF
A MONSTER CAT FISH

Fisherman Near Little Beaver Lands An Enormous Fish, According to a Report This Morning.

It was reported in the East End this morning that the big cat fish encountered by a number of fishermen along Little Beaver creek had been captured and that it tipped the beam at 11 pounds. The report could not be confirmed. The monster fish is said to have been caught in a shallow pool formed in a wheat field by the back water from the river during the recent flood. The pool is full of fish that were prevented from reaching the river when the ice went down by ice gorging at the opening.

A young man by the name of Mountz is said to have caught the fish and that it was almost dead from numerous big wounds inflicted by other fishermen who were trying to land it. Hundreds of small fish have been caught in the pond and fishing is still in progress.

JESSE SMITH WELL
IS DUE IN TODAY

Stockholders Were At the Scene to See It Come In—Abandoned Well Making Oil.

The third well of the Rock Run Oil and Gas company, located on the Jesse Smith farm, a short distance from the East End, was to have been drilled in today and a number of the stockholders of the company, including Attorney J. E. Davis, Frank Allabaugh, W. C. Smith and Dr. William Calhoun went to the farm this morning.

It is stated that the drill has reached a depth of near 700 feet and that the pay sand would be reached today. Although several wells were drilled years ago within a few miles of this one, it is practically a new field.

An abandoned oil well along Dry Run, owned by Dr. Marshall, has been making both oil and gas lately. It is stated that the owner had made arrangements to pump the well when the well was ruined by some boys who almost filled it with rocks.

YOUR HUSBAND
WORKS TOO HARD

Nearly every wife feels that her husband works too hard, and worries because he will not take the rest she knows he needs. She sees how tired and exhausted he is at night and how his sleep fails to rest him. She knows that his business is killing him—but she also knows that he will stick to his work just as long as he is able to stand.

If he could only take a vacation, if she could only get him away from business for a few weeks—but that is out of the question.

It is in cases of this kind that Rexall Mucu-Tone proves its rare value.

We could do a great work if we could only convince every woman who reads this newspaper that Rexall Mucu-Tone will do her tired-out husband as much good as a vacation—that it will brace him up physically and mentally, replenish his waning vitality and make him strong and well.

WHAT CATARRH REALLY MEANS. Mucu-Tone is primarily a catarrh cure, but the term catarrh is very broad. It signifies a congestion of the mucous membranes due to the inability of the body, through close confinement and lack of outdoor exercise, to throw off the poisons that gather in the system, a condition that affects the entire organism of the sufferer, causing him to feel run down, worn out, weak, nervous and despondent. Mucu-Tone not only corrects these conditions, driving out the poisons and restoring health, but it is a powerful tonic and system-builder as well. It brings new

energy, cheerfulness, hopefulness, after the first few doses, and its continued use for a few weeks works permanent benefits in the nerves, muscles and sinews of the entire body.

Just persuade your husband to try Mucu-Tone, and note the wonderful change within a few days. It is your duty, and when he experiences the new life and strength it brings him, he will thank you from the bottom of his heart.

You need not hesitate buying a bottle of Rexall Mucu-Tone—our guarantee protects you completely. If for any reason you

HEALTH BETTER THAN FOR YEARS.

"Gentlemen—I was run down and worn out. Couldn't eat and couldn't sleep. As tired in the morning as when I went to bed. Unable to concentrate my mind and business simply going to the dogs. Tried Mucu-Tone under protest. Saw no reason why a catarrh remedy would do me any good and was disgusted with medicine in general. Took your advice finally and am mighty glad I did. Two months of this remedy fixed me up. Health now better than for years. Many thanks.

are not more than satisfied, return the empty bottle to us and we will promptly refund the money. Could any offer be fairer than that? We know what Rexall Mucu-Tone has done for thousands of worn-out, discouraged men and women, and we believe that your case will be no exception.

Small Boys In Trouble.

Officer John Spence captured a number of small boys in Chaffinsville and hauled them to the fire station upon complaint of a number of Italians who live on Erie street. The boys had been amusing themselves at the expense of the sons of Italy by throwing rocks and other missiles at them. Several windows were broken. Mayor Weaver was communicated with and the boys were released after they had promised to pay for the windows.

Evangelistic Meetings.

Arrangements are being made by the pastor and congregation of the Second Presbyterian church for a series of evangelistic meetings to be held at that church. The first of these meetings will be held on the last Sunday in this month, and will be continued indefinitely. The series promises to be productive of much good.

Fire Escape Shipped.

Robert Larkins has received word from Sandusky that the fire escape recently ordered for Larkins' hall had been shipped from that city. The device will be placed at the north side of the building reaching two windows on the upper floors and leading into Fire alley. It will be placed in position without delay.

Sodaker to Be Married.

It is reported today that Robert Sodaker, proprietor of a First avenue cafe, will be married within the next week to a Pittsburg young lady. Mr. Sodaker tried hard to keep the news from his many friends, but last night when confronted with the rumor he was compelled to admit the truth.

Tendered a Surprise.

At the conclusion of the business meeting of the Young People's Society of the Second Presbyterian church the members adjourned to the home of J. B. Elliott, on St. George street, where they tendered him a surprise. The remainder of the evening was pleasantly spent in a social way.

Missionary Meeting.

The Ladies' Missionary Society of the Second Presbyterian church met yesterday afternoon at the home of Rev. and Mrs. J. N. Swan on Ohio avenue. Arrangements for the annual praise service and thank offering were discussed among other important business matters.

The Jolly Social club was entertained last night at the home of Mr. and Mrs. Lyman Earle, of St. George street.

Rev. D. W. McQuiston is recovering from an attack of the grip and Mrs. McQuiston, suffering with the same malady, is better.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by concentrating on the local treatment failed to cure the patient. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from one drop to a teaspoonful. It acts directly upon the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Relief In One Minute.

One Minute Cough Cure gives relief in one minute, because it kills the microbe which tickles the mucous membrane, causing the cough, and at the same time clears the phlegm, draws out the inflammation and helps and soothes the affected parts. One Minute Cough Cure strengthens the lungs, wards off pneumonia and is a harmless and never failing cure in all curable cases of coughs, colds and croup. One Minute Cough Cure is pleasant to take, harmless and good alike for young and old. Sold by Alvin H. Bulger.

The Populists of Nebraska have
started a movement to remove Dr. E.
Benjamin Andrews from the head of
their state university—not, as might
be conjectured, because he teaches
that the earth is round—but because
he favors accepting a gift of \$65,000
from John D. Rockefeller. There must
be a new brand of Populists in Ne-
braska. It used to be the case that
they were in favor of taking all they
could get and getting all they could.

Hon. James P. Clarke, the new Dem-
ocratic senator from Alabama, in his
first speech to the senate, gave a
heartily and cordial endorsement of
the Panama policy of President Roose-
velt, and incidentally demonstrated
that the efforts of Gorman and Mor-
gan to array their party against Amer-
ican progress has no countenance or
support among the best and most pro-
gressive Democrats of the south.

Whether gambling houses, disorder-
ly houses and vice and crime gener-
ally are unusually prevalent in the
city at present is of course a matter
of opinion. But if any members of the
police department fancy that they
have eradicated these evils in toto,
they are sadly mistaken, as they can
easily ascertain without going far or
interviewing any great number of re-
sponsible citizens.

Advocates of prohibition think a
ward local option bill too liberal and
now propose precinct limitations. A
little further progress in this direction
would result in a law leaving the ques-
tion of "wet" or "dry" to each house-
hold, and that is a sort of rule that can
be carried out without the assistance
of the lawmakers.

\$150,000 FIRE AT ERIE.

Baby Carriage Factory and Contents
Totally Destroyed.

Erie, Pa., Feb. 5.—The large baby
carriage works of the H. N. Thayer
company of this city were totally de-
stroyed by fire, together with nearly
all the fall and winter finished prod-
uct which was awaiting shipment.
The loss is \$150,000, with \$61,000 in-
surance.

During the fire several narrow es-
capes occurred and a panic seized the
crowd, which it was almost impossi-
ble to keep back out of danger, when
several barrels of gasoline exploded.
Engineer Taylor of the fire depart-
ment was overcome by the heat and
smoke.

Other buildings in the vicinity of
the carriage works were on fire sev-
eral times, but all were saved, except
the house of Select Councilman Bern-
ard Velt, which was also destroyed.

NEW BILL PRESENTED

Compromise School Code Intro-
duced in Both Branches
of Assembly.

IS INDORSED BY GOV. HERRICK

Drawn by State School Commissioner

Bonebrake and Is Designed to Gain
the Support of Those Who Opposed
Previous Measures.

Columbus, O., Feb. 5.—The feature
in the legislature was the introduc-
tion of the Harrison-Bonebrake school
code, which contains many salient
features of other codes heretofore in-
troduced. It is a compromise mea-
sure between the Cleveland small board
and the Cincinnati ward plan. It was
drawn by State School Commissioner
Bonebrake and has the unqualified in-
dorsement of Governor Herrick and
other state officials. It was simulta-
neously offered in both houses. Its
principal features are: Three school
board members selected at large and
one from each ward; compensation,
\$2 per meeting, not exceeding 25
nights in cities and 12 nights each
year in other districts; the superin-
tendent has the right to appoint teach-
ers who are to be confirmed by the
school board; the state is divided into
four classes of school districts—city,
village, township and special; sub-
districts in townships are abolished;
permission is given for the employ-
ment of a business agent or manager;
a minimum of \$40 is fixed as the low-
est salary that can be paid a teacher.
This code is most likely of passage.

Representative Bronson introduced
a compulsory primary bill providing
for nominations of all city and county
officials by direct vote, or selection
of delegates to a convention by direct
vote; primaries for municipal offices
to be held the first Tuesday in March
and for county offices the first Tues-
day in September.

The York bill for codifying the state
laws was reported adversely. The
Thomas bill permitting consolidation
of water works companies with other
public service companies was recom-
mended for passage. Representative
Jones introduced a bill to abolish cap-
ital punishment.

STUDENTS EXPELLED.

Princeton Men Found Guilty of Cheat-
ing in Examinations.

Princeton, N. J., Feb. 5.—Five stu-
dents whose names are withheld have
been expelled from Princeton uni-
versity on a charge of cheating in ex-
aminations and two town men have
been arrested in connection with the
matter.

It is alleged the two men arrested
had secured several copies of fresh-
men examination papers through the
son of one of them, who worked in
the office where they were printed.
With this in their possession they ap-
proached a number of freshmen, five
of whom bought copies of the papers.
One of the students, however, reported
the matter to the "undergraduate
honor committee," who trapped the
town men by a decoy and had both
arrested. It is alleged that they had
been selling examination papers heret-
ofore for \$10 and \$15 apiece. One of
the men had the papers on his person
when arrested. Each was put under
a \$1,000 bond and is awaiting trial in
Trenton jail.

The "honor committee," composed
of presidents of the four classes and
an extra junior and senior member,
investigated the case and apprehen-
ded five students who had been guilty
of using the examination papers thus
procured. The student committee
then recommended their expulsion to
the university authorities, who sanc-
tioned the action of the committee.

PANIC IN COTTON.

False Rumor of War Brings Ruin Near
to Many Traders.

New Orleans, Feb. 5.—About the
worst break in the history of cotton
future trading in New Orleans oc-
curred when on vague war rumors
prices went down until they were from
166 to 180 points lower than the previ-
ous day, and May was \$9 a bale
cheaper.

Soon after the noon hour, and while
many brokers were at lunch, a tele-
gram was received from Chicago tel-
ling of the declaration of war between
Japan and Russia. In five minutes
the ring was in a panic. Traders and
brokers suddenly became crazy in
their efforts to sell. The desire was
to sell, no matter at what price. The
ring was an amphitheater of strug-
gling humanity, wild with anxiety.

Hundreds of thousands of bales of
cotton were thrown into the ring. The
lower prices went the more frantic
the ring became and the more selling
orders were received from the coun-
try, which was just beginning to learn
of the panic at the exchange. The
space in the center of the ring where
a fountain plays in summer became
filled with stools and chairs, kicked
there by brokers in their mad efforts
to get nearer the center of the pit.

This mad scene lasted until the bull
leaders took a hand and quickly sent
prices up 50 points.

The spreaders of false alarms were
heartily condemned after the market
closed and it was found that the war
rumors were entirely unconfirmed.
Hundreds of thousands of dollars are
reported to have been lost.

FRIENDS AND VISITORS

Ed. Way, of New York, is in the city

STRATTON CIRCLE P. H. C.

Installation Ceremonies Followed By a
Feast And a Most Enjoyable
Social Time.

The meeting of Stratton circle, Pro-
tected Home circle, held in Grand
Army hall last night, was an unusually
interesting one, and in addition to the
installation of the officers elected re-
cently, a fine program was rendered.
The new officers are: Past president,
E. J. Pilgrim; president, Frank Pil-
grim; vice president, Emma Wilson;
guardian, Rena Bricelin; chaplain,
Mrs. Rosa Davidson; secretary, George
Wilhelm; treasurer, Irvin Dunlap;
guide, Edward Thorn; companion,

George Smith; porter, J. Alley; watch-
man, Mrs. Anna Thorn.

When the installation ceremony had
been completed a program of vocal
and instrumental music was rendered
as follows: Piano and violin duet, Mr.
and Mrs. Harry Weaver; vocal solo,
"The Dream," Mrs. Wallbank; piano
solo, Miss Elizabeth Davidson.

Prof. J. L. McDonald, representing
Fidelity circle of Wellsville was pres-
ent and during the social session made
an interesting address. He touched
upon the high standard attained by
the organization in the matter of its
membership. The talk was greatly en-
joyed by the large audience, and the
wish was expressed that the gentle-
man would come oftener.

A competent committee distributed
ice cream and cake, and when this had
been disposed of the meeting broke
up. The organization is in a flourish-
ing condition, and is one of the larg-
est circles in this section.

Interest Growing.

The special meetings at the Baptist
church are growing in interest. Last
night Rev. Mr. Read preached a very
spiritual and powerful sermon. His
text was: "If Thou, Lord, shouldst
mark iniquities, O Lord who shall
stand? But there is forgiveness with
Thee that Thou mayest be feared." The
interest is growing with each meet-
ing and those connected with the ser-
vices are encouraged at the outlook.
The testimony was earnest and to the
point. The cottage meetings are being
well attended. Rev. E. A. Read will
preach again tonight.

The Populists of Nebraska have started a movement to remove Dr. E. Benjamin Andrews from the head of their state university—not, as might be conjectured, because he teaches that the earth is round—but because he favors accepting a gift of \$65,000 from John D. Rockefeller. There must be a new brand of Populists in Nebraska. It used to be the case that they were in favor of taking all they could get and getting all they could.

Hon. James P. Clarke, the new Democratic senator from Alabama, in his first speech to the senate, gave a hearty and cordial endorsement of the Panama policy of President Roosevelt, and incidentally demonstrated that the efforts of Gorman and Morgan to array their party against American progress has no countenance or support among the best and most progressive Democrats of the south.

Whether gambling houses, disorderly houses and vice and crime generally are unusually prevalent in the city at present is of course a matter of opinion. But if any members of the police department fancy that they have eradicated these evils in toto, they are sadly mistaken, as they can easily ascertain without going far or interviewing any great number of responsible citizens.

Advocates of prohibition think a ward local option bill too liberal and now propose precinct limitations. A little further progress in this direction would result in a law leaving the question of "wet" or "dry" to each household, and that is a sort of rule that can be carried out without the assistance of the lawmakers.

Republicans who regret that they will not be able to combat William J. Bryan as a presidential candidate will be pretty well satisfied with William

Baby Carriage Factory and Contents Totally Destroyed.

Erie, Pa., Feb. 5.—The large baby carriage works of the H. N. Thayer company of this city were totally destroyed by fire, together with nearly all the fall and winter finished product which was awaiting shipment. The loss is \$150,000, with \$61,000 insurance.

During the fire several narrow escapes occurred and a panic seized the crowd, which it was almost impossible to keep back out of danger, when several barrels of gasoline exploded. Engineer Taylor of the fire department was overcome by the heat and smoke.

Other buildings in the vicinity of the carriage works were on fire several times, but all were saved, except the house of Select Councilman Bernard Veit, which was also destroyed.

NEW BILL PRESENTED

Compromise School Code Introduced in Both Branches of Assembly.

IS INDORSED BY GOV. HERRICK

Drawn by State School Commissioner

Bonebrake and Is Designed to Gain the Support of Those Who Opposed Previous Measures.

Columbus, O., Feb. 5.—The feature in the legislature was the introduction of the Harrison-Bonebrake school code, which contains many salient features of other codes heretofore introduced. It is a compromise measure between the Cleveland small board and the Cincinnati ward plan. It was drawn by State School Commissioner Bonebrake and has the unqualified endorsement of Governor Herrick and other state officials. It was simultaneously offered in both houses. Its principal features are: Three school board members selected at large and one from each ward; compensation, \$2 per meeting, not exceeding 25 nights in cities and 12 nights each year in other districts; the superintendent has the right to appoint teachers who are to be confirmed by the school board; the state is divided into four classes of school districts—city, village, township and special; sub-districts in townships are abolished; permission is given for the employment of a business agent or manager; a minimum of \$40 is fixed as the lowest salary that can be paid a teacher. This code is most likely of passage.

Representative Bronson introduced a compulsory primary bill providing for nominations of all city and county officials by direct vote, or selection of delegates to a convention by direct vote; primaries for municipal offices to be held the first Tuesday in March and for county offices the first Tuesday in September.

The York bill for codifying the state laws was reported adversely. The Thomas bill permitting consolidation of water works companies with other public service companies was recommended for passage. Representative Jones introduced a bill to abolish capital punishment.

WELLSVILLE AND VICINITY

COUNCIL MEETS TONIGHT

Fate of Appropriation Ordinance Problematic—Protests Against Railroad Grants.

Council will meet again tonight, but what business will be transacted is hard to tell. It is likely the appropriation ordinance will be presented to council by Mayor Fogo, as he has had it since Monday last. While he has the veto power, it is thought by some councilmen that the ordinance will be signed as it was originally passed.

At present every fund is practically depleted. Few if any bills are being contracted, and none of the several bonds are meeting for the reason that they can do no business until funds are available. The longer the appropriation ordinance is left unsigned just so long city funds will remain bankrupt.

West End citizens, a much larger delegation than was at city hall last Tuesday night, are expected to be present tonight, to protest against the proposed action of the Cleveland & Pittsburgh road in appropriating certain property in that section of the city.

Residents of the city, interested in the improvement and growth of Wellsville, claim that if the railroad company desires concessions from the city, they should give something in return. It is known that no definite conclusion has been reached by the company as to where new shops will be erected, to take the place of the shops destroyed by fire recently at Cleveland. This being so, the suggestion has been offered that council appoint a committee, and that a committee of business men be secured, who acting in conjunction should call upon the officials of the railroad company and seek to have the new shops built in Wellsville. The point is raised that Wellsville is a central point for the company, and inasmuch as the company seeks Wellsville property through council, the return to the city for such concessions should be equal.

THE PITTINGER CASE

Civil Suit May Be Brought Should Court Decide Adversely to the Janitor.

Should the court render a decision in the case now pending in court of Dallas Pittinger, who is suing the city for salary due him as janitor of city hall, it is reasonable to believe that a civil action will be entered in court to recover the full amount of salary claimed due.

RAILWAY READING ROOM

The Institution Flourishing With a Membership Which is Now About 500.

At a recent meeting of the officials of the reading room of the Cleveland & Pittsburgh railroad the following officers were elected for one year:

President, Supt. T. B. Hamilton, Cleveland; vice president, Trainmaster A. J. Dawson, Wellsville; secretary and treasurer, J. L. Crumrine, Wellsville.

The board of directors is composed of J. J. McCormick, Wheeling; F. R. Martin, Frank Heller, Chief Dispatcher Thomas J. Rogers, H. A. Sterrett, Earl Munson, T. L. Apple, W. C. A. Henry, S. D. Noragon, William Schwartz, G. L. Apple and G. Le. Boutellier.

The executive committee consists of George L. Apple, W. C. A. Henry and Samuel D. Noragon.

The annual report of the reading room will show that there is in the building now 3,098 books, exclusive of the plant, and about 20 tons are still on hand. All the machinery is ready to operate, and all detail work about the building is now being completed, the plant being prepared to operate continuously.

A large tank wagon, from which distilled drinking water will be sold, has been received by the company. It was made at Oil City, Pa., and was delivered this week.

THE NEW ICE PLANT

Will Not Start Operations in Full Until Some Time Next Month.

Announcement was made today that the new plant of the Crystal Ice company would not start operations until March. Some ice had been made at the plant, and about 20 tons are still on hand. All the machinery is ready to operate, and all detail work about the building is now being completed, the plant being prepared to operate continuously.

A large tank wagon, from which distilled drinking water will be sold, has been received by the company. It was made at Oil City, Pa., and was delivered this week.

A 2 Per Cent Dividend.

Checks have been received by the Wellsville stockholders of the Port

Homer Oil & Gas company within the past week, being the dividend declared by the company for the month of December. The dividend amounted to 2 per cent on the capital stock and was entirely unexpected by the local holders of stock. The company has a number of wells in that section of Jefferson county, all of which are producers. It is said that additional wells will be drilled with the opening of spring.

Next High School Lecture.

"Sour Grapes, or Hereditary in Marriage" is the subject of Edward Amherst Ott, who fills the next date in the high school lecture course February 22. This is the fifth number of the course and is one of the best in the entire list. Members of the high school class have arranged for the Western Reserve Glee club to appear in Wellsville, but the date will not be decided until the club can arrange several other engagements in this vicinity.

A Remodeled Round House.

Trainmaster A. J. Dawson left for New Philadelphia yesterday to look after some detail work relative to the enlarging and remodeling the round house of the Cleveland & Pittsburgh Railroad company at that point. A general order has been issued by the company to all trainmen that hereafter signal lights will be placed at all switches along that branch of the road.

New Books For Library.

An addition of about 125 new books will be made to the reading room of the Cleveland and Pittsburgh road in Wellsville within the next two weeks. At a meeting at Cleveland yesterday between J. L. Crumrine, Thomas J. Rogers and George L. Apple, about 125 books were ordered from Burrows Bros. and Co., at a cost of \$125. The committee returned to Wellsville last night.

City Coupons Paid.

Two coupons, amounting to \$46.45 and representing interest due on paving bonds issued for Liverpool and Fourth streets, were paid today by City Auditor Charles R. McGregor. It is said that a number of other coupons are due on some old bond issues this month.

Pleasant Card Party.

A pleasant card party was given at the home of Mr. and Mrs. Samuel S. Cope on Front street last night. Sixteen people were entertained. The prizes of the evening were won by T. M. McClure and Miss Zeana Smith.

Special Services Held.

Special services were held last night at the Evangelical church under the leadership of Rev. Mr. Lamb, of Toledo, who in past years was a presiding elder of the Wellsville church. The meeting was well attended.

Trustees Meet Tonight.

A meeting of the water works trustees will be held tonight in their office on Main street. Some important matters concerning the construction work of the new pumping station is to be considered.

WELLSVILLE SHORT STORIES.

Councilman Shoub has returned from a short business trip to Columbus.

Miss Virginia White, of Cleveland, arrived in Wellsville yesterday to spend a few days visiting friends.

Miss Nellie Timberlake, of Lafayette, Ind., is a guest at the home of Mrs. George Swearingen, of Tenth street, for a few weeks.

Harry Glover was arrested by Patrolman Thornton yesterday and placed in jail on a charge of being drunk. This is the first arrest that has been made since last Saturday night.

Employees of the rolling mill will receive wages for the term extending from January 15 to January 30 one week from tomorrow. The regular pay day is Monday week, February 15.

General Manager Brookman, of the Wellsville plant of the American Steel & Tin Plate company, is confined to his home with a slight attack of the grip. He was unable to be at his office yesterday.

L. B. Halverstadt, chief clerk at the Hotel Metropole, left for Bridgeport this afternoon where he will attend a "poverty" leap year ball, given by Miss Elizabeth Gallagher. Invitations to the affair were written on the old fashioned brown paper.

William Frink, of New York city, who has been in Wellsville for several months looking after some oil properties in this section in which he is interested, left yesterday afternoon for Cleveland. He will remain there several days on business.

SHAW CALLS DEPOSITS.

Notifies Banks to Have Government Money Ready for Payment.

Washington, Feb. 5.—Secretary Shaw has sent the following letter to all depositories holding special government deposits:

"It seems probable that the government will be called upon in the near future to pay \$50,000,000 preliminary to the construction of an inter-oceanic canal. In addition to this there are outstanding approximately \$5,000,000 of United States bonds which by their terms matured on Feb. 1, 1904, and congress is considering a proposition to loan between \$4,000,000 and \$5,000,000 to the Louisiana Purchase exposition. To meet these probable demands it will be necessary to withdraw at least \$30,000,000 from depository banks.

"You are therefore requested to make immediate preparation for the payment on demand of 20 per cent at New York, possibly within 10 days.

"If you desire to sell at once a portion of the securities now held by the government against your deposit you will so inform this office and arrangements will be made for the immediate transfer, so as to avoid actual withdrawals from channels of trade.

"The department will surrender no United States bonds held as security for deposits with any bank until such bank has withdrawn all state and municipal bonds now held as such security, but securities of the District of Columbia, Philippine Islands and Hawaii will be retained if desired. Please acknowledge receipt."

GETTING NO BENEFIT FROM ITS FUEL GAS

West Virginia Feels That She Is Being Fleeced By People From Other States.

A matter which every municipality in West Virginia will be called upon to wrestle before long is being taken up by interested parties all over the state. It is contended that the state is being fleeced of its fuel gas for the benefit of other states. Writing to a Wheeling paper a Clarksburg man touches upon a number of important points in the gas question. He says: "What enriches other communities impoverishes us and the state does not derive a single benefit. At the rate the gas is being taken out of the state it will not be long until it is exhausted, and then we will be in the plight the gas belt of Indiana found itself in."

Continuing, he says that if it should be declared unconstitutional to tax gas taken out of the state then the pumps that drive it out can be levied on. It is one of the most serious questions to be considered in connection with the tax reform scheme. Many communities in West Virginia are complaining of a shortage of gas for manufacturing purposes. The reason for this is that it is pumped out of the state. The powerful Standard Oil company will have to be fought if gas is taxed, but we do not believe that it is powerful enough to defeat a fair proposition supported by the people of the state without regard to party. Something must be done, and done soon.

DEFINITE STEPS TAKEN TO GET A NEW JAIL

A Committee Appointed to Make Estimates on Cost of a Fire-Proof Structure.

The first definite steps were taken by the Chester council last night toward providing a commodious, secure and fireproof jail for the town. Mayor J. S. D. Mercer with Councilmen Thomas B. Anderson and J. C. Cunningham will begin at once upon the task of furnishing specifications for the new building. It is expected the committee will be ready to report at the next meeting of the council two weeks hence, and at that time they will be able to tell just how much the addition will cost, what materials will be necessary with such other information as will be necessary for the councilmen to know.

Councilman Dunn reported that the lights were in bad shape, and it was decided to order a supply of mantels. The big street lights will be refitted, and a number will be changed at the city hall.

After some discussion it was decided to procure an order book. The city was large enough and the contracts let by it were of sufficient importance to necessitate a record of some sort. The book will be purchased at once.

SACRED HEART SOCIAL

A Great Event For the Catholic Church People of Chester on February 15.

The ladies of Sacred Heart Catholic church are arranging for a social gathering of more than ordinary importance, and the people of Chester are expected to turn out in large numbers. There has been no function of any kind since the fair so successfully conducted by the ladies of this church, and an effort will be made to have the coming affair eclipse anything of the kind ever held in the town.

February 15 has been decided upon for the social, and it will be in the form of a euchre and flinch party. A large hall in the Park Rose building has been engaged, and there will be

NON-SUPPORT CHARGED

An Understanding Reached Before the 'Squire and An Agreement Effected.

John Bolton was arraigned in the court of Justice W. C. Johnston last evening on a charge of non-support preferred by his wife. Mr. and Mrs. Bolton have not been living together for more than a year, and the latter alleged her husband has not been contributing to the support of their child. Officer Winn had no difficulty in apprehending Bolton, who was more than willing to come into court. When the parties to the suit were brought face to face a thorough understanding was arrived at within a few minutes, and a binding agreement was entered into. That ended the matter.

Robbery at New Cumberland.

Marshall's store at New Cumberland was robbed of a lot of merchandise, including blankets and groceries, which were loaded into a stolen skiff and started down the river. Telephone messages sent to the river towns have brought no clue. Two residents of New Cumberland are suspected.

Wants a Ferry Franchise.

Walter S. Johnston has given notice that he will make application to the court of Hancock county at its session to be held February 15 for permission to conduct a ferry between Congo and Wellsville.

CHESTER NOTES.

Cyrus Cooper, who has been ill, is reported better.

Ellsworth Allison, who has been ill for several weeks, is improving.

Town Sergeant Park Rose will shortly open an office in his building at the corner of Carolina avenue and Sixth street.

Justice A. G. Pugh, who was badly injured a few evenings ago by a fall on the icy pavement, is slowly improving and will be able to be out within a short time.

The Ladies' Missionary society of the United Presbyterian church held an interesting and profitable meeting at the home of Mrs. W. R. Skeen yesterday afternoon.

BANK WRECKER NOW A CONVICT

Rose, Who Got Away With \$187,000 in Cleveland, Lands in Prison.

Columbus, February 5.—(Special).—George A. Rose, the bank wrecker of Cleveland, was delivered at the penitentiary at noon yesterday to commence a ten-year sentence for embezzlement. Rose was the cashier of the Produce Exchange bank, and succeeded in getting away with \$187,000 in cash after which his conscience troubled him and he made a confession to the president of the bank. He was more than anxious to plead guilty to the charge and receive sentence of three or four years, but that the officers would not stand for as they insisted that he would be paid at the rate of about \$50,000 per annum on that length of a sentence.

After the matter was thoroughly investigated he was given a ten-year sentence. He was accompanied to the prison by his brother and two other prominent citizens of Cleveland. He looked as if in bad health when he reached the prison. Dr. Palmer will make the examination and if it is found that his condition warrants it he will be kept in the hospital until he has recovered.

Hoover, the Newark bank man, has been in the hospital since his arrival under the constant care of the physicians. He was in bad shape when he arrived, but is much improved in health, with indications that it will not be long before he will be able to perform light labor of some kind. Several other banks failed on account of his crime.

WELLSVILLE AND VICINITY

COUNCIL MEETS TONIGHT

Fate of Appropriation Ordinance Problematic—Protests Against Railroad Grants.

Council will meet again tonight, but what business will be transacted is hard to tell. It is likely the appropriation ordinance will be presented to council by Mayor Fogo, as he has had it since Monday last. While he has the veto power, it is thought by some councilmen that the ordinance will be signed as it was originally passed.

At present every fund is practically depleted. Few if any bills are being contracted, and none of the several bonds are meeting for the reason that they can do no business until funds are available. The longer the appropriation ordinance is left unsigned just so long city funds will remain bankrupt.

West End citizens, a much larger delegation than was at city hall last Tuesday night, are expected to be present tonight, to protest against the proposed action of the Cleveland & Pittsburgh road in appropriating certain property in that section of the city.

Residents of the city, interested in the improvement and growth of Wellsville, claim that if the railroad company desires concessions from the city, they should give something in return. It is known that no definite conclusion has been reached by the company as to where new shops will be erected, to take the place of the shops destroyed by fire recently at Cleveland. This being so, the suggestion has been offered that council appoint a committee, and that a committee of business men be secured, who acting in conjunction should call upon the officials of the railroad company and seek to have the new shops built in Wellsville. The point is raised that Wellsville is a general point for the company, and inasmuch as the company seeks Wellsville property through council, the return to the city for such concessions should be equal.

THE PITTINGER CASE

Civil Suit May Be Brought Should Court Decide Adversely to the Janitor.

Should the court render a decision in the case now pending in court of Dallas Pittinger, who is suing the city for salary due him as janitor of city hall, it is reasonable to believe that a civil action will be entered in court to recover the full amount of salary claimed due.

It is stated by members of the board of service that Pittinger was appointed to the position as janitor of city hall after City Solicitor Boyd had said that the board had such a right to do so.

The board also claims that Mr. Pittinger accepted the position with the full knowledge that his salary might be held up, but at the time he said he was satisfied to take chances on recovering all that he would earn.

This being the case, it is possible that if Pittinger cannot recover back salary from the city direct, he may enter a civil action against individual members of the board of service, and their bondsmen.

One member of the board today said:

"Mr. Pittinger has the right to enter a suit to recover his money in any manner he possibly can. I believe he is entitled to all he earns. If this case reached a jury trial, and witnesses are summoned, the members of the board will see that they have acted within Mr. Pittinger, and that the city will eventually be ordered to pay the man the money that is due him."

Mr. Pittinger does not say what he proposes to do in the event that the present case pending in court is lost. Friends, however, claim that he has been legally appointed and that his salary will be paid.

When the parties to the suit were brought face to face a thorough understanding was arrived at within a few minutes, and a binding agreement was entered into. That ended the matter.

Robbery at New Cumberland.

Marshall's store at New Cumberland was robbed of a lot of merchandise, including blankets and groceries, which were loaded into a stolen skiff and started down the river. Telephone messages sent to the river towns have brought no clue. Two residents of New Cumberland are suspected.

Wants a Ferry Franchise.

Walter S. Johnston has given notice that he will make application to the court of Hancock county at its session to be held February 15 for permission to conduct a ferry between Congo and Wellsville.

CHESTER NOTES.

Cyrus Cooper, who has been ill, is reported better.

Ellsworth Allison, who has been ill for several weeks, is improving.

Town Sergeant Park Rose will shortly open an office in his building at the corner of Carolina avenue and Sixth street.

Justice A. G. Pugh, who was badly injured a few evenings ago by a fall on the icy pavement, is slowly improving and will be able to be out within a short time.

The Ladies' Missionary society of the United Presbyterian church held an interesting and profitable meeting at the home of Mrs. W. R. Skeen yesterday afternoon.

BANK WRECKER NOW A CONVICT

Rose, Who Got Away With \$187,000 in Cleveland, Lands in Prison.

Columbus, February 5.—(Special.)—George A. Rose, the bank wrecker of Cleveland, was delivered at the penitentiary at noon yesterday to commence a ten-year sentence for embezzlement. Rose was the cashier of the Produce Exchange bank, and succeeded in getting away with \$187,000 in cash after which his conscience troubled him and he made a confession to the president of the bank. He was more than anxious to plead guilty to the charge and receive sentence of three or four years, but that the officers would not stand for as they insisted that he would be paid at the rate of about \$50,000 per annum on that length of a sentence.

After the matter was thoroughly investigated he was given a ten-year sentence. He was accompanied to the prison by his brother and two other prominent citizens of Cleveland. He looked as if in bad health when he reached the prison. Dr. Palmer will make the examination and if it is found that his condition warrants it he will be kept in the hospital until he has recovered.

Hoover, the Newark bank man, has been in the hospital since his arrival under the constant care of the physicians. He was in bad shape when he arrived, but is much improved in health, with indications that it will not be long before he will be able to perform light labor of some kind. Several other banks failed on account of his crime.

While the score or more of amateur base ball teams are being organized in the city at least one professional aggregation has been spoken of. It may sound a little farfetched and look worse in print, but it is a fact. That team is to come from the ranks of the newspaper men. That it will be the strongest ever known in the vicinity is not doubted by any sport able to judge.

The reporters are in a position to know just where the other teams are lacking and after a careful investigation concluded that the weak spots could only be mended by launching into the airy realms of their own craft. All good teams average well up in the 100's, and excepting the star from Rochester this grand array of athletes will come with the required limit. The team, of course, will be managed and run according to the rules governing the National league, and will not take on any bunch of players who have not made a universal hit, so the fans of the Crookery City can rest assured that they will see a few great exhibitions during the coming season, anyway.

The perplexing question, and the only one now before the management of the celebrities, is where the players will be stationed on the diamond. They are all capable of filling every position, one just as well as the other, which is saying a good deal, but the lineup decided upon last evening will be as follows: Criss McConnell, catcher; Bullock, pitcher; Blake, first base; Karr, second base; Booton, third base; Moorehouse, short stop; Byron, left field; Webster, middle field; Mauck, right field; Mengert, substitute or bat carrier.

McConnell was selected to defend the catchers arena because of his reputation made in right field last year for catching "high balls." Criss has the build of a star, the nerve to stop anything coming his way and will show some of the would-be catchers a thing or two. He is considered about the weightiest man on the team. In right field Criss had but one rival last year, that gentleman being Big Bill Watson, of the street railway team.

Henry E. Bullock needs but little comment. His ability is too well known. No twirler can put them over and down with more speed and accuracy than Henry. When he mixes them they get the batter in confusion, worse confounded and a strikeout is a certainty every time. He will hold the position to the satisfaction of the most sanguine.

Willie Blake has even Todix Carey bested on "scoops." The latter should be Blake's appellation, not alone on first base, either. He gets an occasional one in the East End. At the bat he is not slow, because he had training along that line in his early years "bating-out" in a pottery.

Modestly almost persuades the writer to refrain from paying a tribute to the second baseman. But as he came from a section of the country where such bits of egotism are unheeded it might not be amiss to say that if he can knock base balls as efficiently as he can paw paws the team will not be wanting for superb batters. It is not unlikely that he could land a ball in the West End cess pool.

Did you ever hear a mother worry over a plump child? There is no better bank of health for a child to draw from than a good supply of healthy flesh.

SCOTT & BOWNE, 409 Pearl Street, New York.

IS A LEGAL CONTRACT

Druggist Reed's Bond That Mi-o-na
Costs Nothing Unless It Cures Dys-
pepsia and Increases Weight.

When you get a box of Mi-o-na, the flesh-forming food, from Will Reed, he will give you a signed bond to refund the money unless it cures dyspepsia and increases weight.

The money is simply on deposit with Will Reed and does not become his until you acknowledge that Mi-o-na has helped you. It is just as safe in his hands as in the First National Bank. He gives you his signed bond that is a legal contract, to pay back every penny that Mi-o-na has cost you, in case it does not do all that is claimed for it. The regular sized box sells for only 50c.

Mi-o-na possesses healing and soothing qualities that make it specially valuable in cases of chronic indigestion and dyspepsia. It mingles with the food you eat, aids its assimilation, tones up and strengthens the digestive organs, makes rich, red blood, builds up the wasted and emaciated form, and restores health and strength to the whole system.

Remember that in beginning the use of Mi-o-na, you do not risk a penny. Druggist Reed's written guarantee is an absolute protection and even though you should lose it, he will return your money without question and without argument should Mi-o-na fail to give perfect satisfaction.

Orlando H. Booton is right at home on third base, but if he had his own way it would be at second, as he always had a hankering after dealing seconds. His army record of stopping minnie balls when he was the pride of the First Ohio Volunteer infantry in the south gives further assurance of his ability.

The very sight of Moorehouse is enough to convince one that he is an ideal "short" stop. He hails from Rochester, N. Y., where reporters carry guns and he quite frequently brings that weapon into use when he sees one coming down the line with whiskers on it.

Lord Byron is kind of handicapped in left, but only on that side of his anatomy. It is really worth your while to see his maneuvers on the field. It is just about as funny as his cartoon of the Crisis leading all papers in circulation, etc. The people haven't finished laughing over that, nor will they ever cease if he tries a stunt in the field.

William V. Webster in middle field can make as long a run for a fly as he can pad a story of a missionary anniversary. And to those acquainted nothing more need be said. He needs no car-rriage to assist him in reaching them, either.

"Squire Earl W. Mauck got his early training in the same country that produced the second baseman. Being a lawyer too has considerable to do with his talent in the position assigned him, always being on the right side. He was never known to lose a case in court and has the same reputation as regards catching flies.

It would give the "mengertitis" to see the bat carrier, who hails from Mansfield, where Judge Hole often sends his victims. The man who holds this lofty position is known by the name of Mengert. He is a little slow, but the motto of the club is "better late than never," and therefore he commands the respect of all.

FAST BOWLING MATCH

Played Last Evening By the Woods
and Powell Teams on
Local Alleys.

Is a rather exciting series, Powell's bowlers met defeat last evening at the hands of the Woods bunch. Each of the three games was played with vim and no one could even anticipate the result of the series until the final count. The individual score follows:

Powell's team—Williams, 193, 181, 208; Logan, 148, 173, 177; Litten, 143, 165, 142; McBride, 127, 129, 128; Rose, 155, 153, 154.

Woods' team—Woods, 140, 170, 149; Drake, 118, 184, 200; Frank, 136, 167, 161; Sault, 112, 143, 172; Durkee, 154, 154, 154.

SPORTING MISCELLANY.

Jimmy Callahan, of the White Sox, is in the plumbing business in Thirty-first street, Chicago.

Dick Cooley may be dropped by Boston if he adheres to the big figures he demands for next season.

Cy Young, of the Boston Americans, will celebrate the thirty-seventh anniversary of his birth, February 29.

After the setback Manager Armour, of Cleveland, got last season, when the prospects for a pennant were so radiant, he says he will not indulge in any false delusions for next season, but will hope.

Lefty Davis, who was a much-sought-after man in the war times, is not wanted by the New York Americans next season. He may land with the Tombstone (Ariz.) team unless the

Cohoes (N. Y.) club outbids that organization.

The Louisville club is going to test Brooklyn's right to Outfielder Lumley, reserved by Louisville, despite his jump last summer to the Pacific Coast League.

Billy Hamilton is not letting the grass grow under his feet. He has signed twenty-four players for next season and is still gunning for a pennant-making material.

Tom McCreery, who played with Brooklyn and Boston last season, was once a page boy in the United States capitol. He afterward went to Georgetown and pitched for the varsity team there.

BOY WHO SOLD PAPERS

NOW A BANK OFFICER

John Linnebrink, of Rochester, Pa.,
Once Showed His Enterprise
in East Liverpool.

W. J. Allen, a well known potter employed by the K. T. & K., is rejoicing over the success of his friend, John Linnebrink, a Rochester, Pa., jeweler, who has the largest establishment of the kind in Beaver county. Mr. Linnebrink has lately been chosen a director of the First National bank of Rochester, and the Beaver Star gives an interesting writeup of his career. Mr. Allen and Mr. Linnebrink were boys together, and when Abraham Lincoln passed through Rochester to Washington for his first inauguration were the first to greet him and to climb on to the platform of his car and shake hands with him.

Mr. Linnebrink leaned the jewelry business in his boyhood and while still a boy established the first newspaper agency in Rochester. One of his enterprises was to order 1,000 copies of a Pittsburgh paper and sell them in East Liverpool at 10 cents apiece. This was during the Pittsburgh railroad riots of 1877 when trains were not running and there was no way of furnishing newspapers to the river towns. He has been uniformly successful in business and is one of the most honored citizens of Rochester.

TOWNS SNOWED IN.

Fruitless Attempts to Relieve Them
by Michigan Railroad.

Detroit, Feb. 5.—Storm reports from the "Thumb" district of Michigan are disappointing. A snow plow, which succeeded in working south from Harbor Beach to Port Huron, was started northward, but on the return trip made little progress. The Pere Marquette line, being exposed to the winds from Lake Huron, was buried in snowdrifts before the opening made by the snow plow could be made use of. It is 80 miles from Port Huron to Port Austin and the snow plow and relief train worked northward only about 20 miles.

At Palms station, 50 miles from Port Huron, there is a junction and the snowbound village of Harbor Beach is situated 18 miles from Palms on the branch line.

MERCURY

A POOR CRUTCH.

Experience is a dear teacher, as those who pin their faith to Mercury find out sooner or later. This powerful poison combined with Potash, is the treatment generally prescribed for Contagious Blood Poison, but failure and disappointment is the inevitable result. These minerals drive in the sores and eruptions, and apparently the disease is gone and the patient believes the cure permanent, but soon learns better when the old symptoms return almost as soon as the treatment is left off. You must either keep the system saturated with mercury or endure the tortures of sore mouth, ulcerated throat and the mortification that one naturally feels when the body is covered with disgusting sores, rashes, copper-colored spots and other aggravating symptoms of this vile disease.

Mercury and Potash are poor crutches, and their use eventually breaks down the constitution, ruins the digestion and cause the bones to decay. S. S. S., a guaranteed purely vegetable remedy, is the only antidote for Contagious Blood Poison. It destroys every atom of the deadly virus, overcomes the bad effects of the mercury and cleanses the blood and system so thoroughly that never after are any signs of the disease seen. Nor is the taint ever transmitted to others.

We will send free our book on Contagious Blood Poison, which is interesting and contains full directions for treating yourself at home. Medical advice or any special information desired given without charge.

RAYNER IS ELECTED.

Succeeds McComas as United States
Senator from Maryland.

Annapolis, Md., Feb. 5.—Isidor Rayner of Baltimore has received the unanimous vote of the Democratic majority and was elected United States senator to succeed Louis F. McComas. The Republican minority voted unanimously for McComas.

Isidor Rayner was born in Baltimore April 11, 1850, and was educated at the University of Virginia. He was admitted to the bar in Baltimore in 1871 and served two years in the Maryland legislature in the sessions of 1879-81. In 1886 he was elected to the state senate and two years later was elected to congress and was re-elected in 1892, but being a candidate in 1890. He was counsel to Rear Admiral Schley in 1901 before the naval commission that investigated the battle of Santiago bay. He has just served four years as attorney general of Maryland.

IS A LEGAL CONTRACT

Druggist Reed's Bond That Mi-o-na
Costs Nothing Unless It Cures Dys-
pepsia and Increases Weight.

When you get a box of Mi-o-na, the
flesh-forming food, from Will Reed,
he will give you a signed bond to re-
fund the money unless it cures dys-
pepsia and increases weight.

The money is simply on deposit with
Will Reed and does not become his
until you acknowledge that Mi-o-na
has helped you. It is just as safe in
his hands as in the First National
Bank. He gives you his signed bond
that is a legal contract, to pay back
every penny that Mi-o-na has cost you,
in case it does not do all that is claim-
ed for it. The regular sized box sells
for only 50c.

Mi-o-na possesses healing and sooth-
ing qualities that make it specially val-
uable in cases of chronic indigestion
and dyspepsia. It mingles with the
food you eat, aids its assimilation,
tones up and strengthens the digestive
organs, makes rich, red blood, builds
up the wasted and emaciated form,
and restores health and strength to
the whole system.

Remember that in beginning the use
of Mi-o-na, you do not risk a penny.
Druggist Reed's written guarantee is
an absolute protection and even though
you should lose it, he will return your
money without question and without
argument should Mi-o-na fail to give
perfect satisfaction.

Orlando H. Borton is right at home
on third base, but if he had his own
way it would be at second, as he al-
ways had a balking after dealing
seconds. His army record of stopping
minnie balls when he was the pride of
the First Ohio Volunteer Infantry in
the south gives further assurance of
his ability.

The very sight of Moorehouse is
enough to convince one that he is an
ideal "short" stop. He hails from
Rochester, N. Y., where reporters car-
ry guns and he quite frequently brings
that weapon into use when he sees one
coming down the line with whiskers
on it.

Lord Byron is kind of handicapped
in left, but only on that side of his
anatomy. It is really worth your while
to see his maneuvers on the field. It is
just about as funny as his cartoon of
the Crisis leading all papers in cir-
culation, etc. The people haven't finish-
ed laughing over that, nor will they
ever cease if he tries a stunt in the
field.

William V. Webster in middle field
can make as good a run for a fly as
he can pad a story of a missionary
anniversary. And to those acquainted
nothing more need be said. He needs
no car-rriage to assist him in reaching
them, either.

Squire Earl W. Mauck got his early
training in the same country that pro-
duced the second baseman. Being a
lawyer too has considerable to do with
his talent in the position assigned him,
always being on the right side. He
was never known to lose a case in
court and has the same reputation as
regards catching flies.

It would give you the "mengertitis"
to see the bat carrier, who hails from
Mansfield, where Judge Howe often
sends his victims. The man who holds
this lofty position is known by the
name of Mengert. He is a little slow,
but the motto of the club is "better
late than never," and therefore he
commands the respect of all.

FAST BOWLING MATCH

Played Last Evening By the Woods
and Powell Teams on
Local Alleys.

In a rather exciting series, Powell's
bowlers met defeat last evening at
the hands of the Woods bunch. Each
of the three games was played with
vim and no one could even anticipate
the result of the series until the final
count. The individual score follows:

Powell's team—Williams, 193, 181,
208; Logan, 148, 173, 177; Litten, 143,
165, 142; McBride, 127, 129, 128; Rose,
155, 153, 154.

Woods' team—Woods, 140, 170, 149;
Drake, 118, 184, 200; Frank, 136, 167,
161; Sault, 112, 143, 172; Durkee, 154,
154, 154.

SPORTING MISCELLANY.

Jimmy Callahan, of the White Sox,
is in the plumbing business in Thirty-
first street, Chicago.

Dick Cooley may be dropped by Boston
if he adheres to the big figures
he demands for next season.

Cy Young, of the Boston Americans,
will celebrate the thirty-seventh anni-
versary of his birth, February 29.

After the setback Manager Armour,
of Cleveland, got last season, when the
prospects for a pennant were so radi-
ant, he says he will not indulge in
any false delusions for next season,
but will hope.

Lefty Davis, who was a much-sought-
after man in the war times, is not
wanted by the New York Americans next
season. He may land with the
Tombstone (Ariz.) team unless the

Cohoes (N. Y.) club outbids that or-
ganization.

The Louisville club is going to test
Brooklyn's right to Outfielder Lumley,
reserved by Louisville, despite his
jump last summer to the Pacific Coast
League.

Billy Hamilton is not letting the
grass grow under his feet. He has
signed twenty-four players for next
season and is still gunning for a pen-
nant-making material.

Tom McCreery, who played with
Brooklyn and Boston last season, was
once a page boy in the United States
capitol. He afterward went to George-
town and pitched for the varsity team
there.

BOY WHO SOLD PAPERS
NOW A BANK OFFICER

John Linnebrink, of Rochester, Pa.,
Once Showed His Enterprise
in East Liverpool.

W. J. Allen, a well known potter em-
ployed by the K. T. & K., is rejoicing
over the success of his friend, John
Linnebrink, a Rochester, Pa., jeweler,
who has the largest establishment of
the kind in Beaver county. Mr. Linne-
brink has lately been chosen a director
of the First National bank of Roches-
ter, and the Beaver Star gives an in-
teresting writeup of his career. Mr.
Allen and Mr. Linnebrink were boys
together, and when Abraham Lincoln
passed through Rochester to Washing-
ton for his first inauguration were the
first to greet him and to climb on to
the platform of his car and shake
hands with him.

Mr. Linnebrink leaned the jew-
elry business in his boyhood and
while still a boy established
the first newspaper agency in
Rochester. One of his enterprises
was to order 1,000 copies of a Pitts-
burg paper and sell them in East Liv-
erpool at 10 cents apiece. This was
during the Pittsburg railroad riots of
1877 when trains were not running and
there was no way of finishing news-
papers to the river towns. He has
been uniformly successful in business
and is one of the most honored citi-
zens of Rochester.

TOWNS SNOWED IN.

Fruitless Attempts to Relieve Them
by Michigan Railroads.

Detroit, Feb. 5.—Storm reports from
the "Thumb" district of Michigan are
disappointing. A snow plow, which
succeeded in working south from Har-
bor Beach to Port Huron, was started
northward, but on the return trip
made little progress. The Pere Mar-
quette line, being exposed to the winds
from Lake Huron, was buried in snow-
drifts before the opening made by the
snow plow could be made use of. It is
80 miles from Port Huron to Port Au-
stin and the snow plow and relief train
worked northward only about 26 miles.

At Palms station, 60 miles from Port
Huron, there is a junction and the
snowbound village of Harbor Beach
is situated 18 miles from Palms on
the branch line.

MERCURY

A POOR CRUTCH.

Experience is a dear teacher, as those who pin their
faith to Mercury find out sooner or later. This power-
ful poison combined with Potash, is the treatment gen-
erally prescribed for Contagious Blood Poison, but failure
and disappointment is the inevitable result. These min-
erals drive in the sores and eruptions, and apparently the
disease is gone and the patient believes the cure perma-
nent, but soon learns better when the old symptoms
return almost as soon as the treatment is left off. You
must either keep the system saturated with mercury or endure the tortures
of sore mouth, ulcerated throat and the mortification that one naturally
feels when the body is covered with disgusting sores, rashes, copper-colored
spotches and other aggravating symptoms of this vile disease.

Mercury and Potash are poor crutches, and their use eventually breaks
down the constitution, ruins the digestion and cause the bones to decay.
S. S. S., a guaranteed purely vegetable remedy, is the
only antidote for Contagious Blood Poison. It de-
stroys every atom of the deadly virus, overcomes the
bad effects of the mercury and cleanses the blood and
system so thoroughly that never after are any signs
of the disease seen. Nor is the taint ever transmitted to others.

We will send free our book on Contagious Blood Poison, which is inter-
esting and contains full directions for treating yourself at home. Medical
advice or any special information desired given without charge.

RAYNER IS ELECTED.

Succeeds McComas as United States
Senator from Maryland.

Annapolis, Md., Feb. 5.—Isidor Ray-
ner of Baltimore has received the
unanimous vote of the Democratic ma-
jority and was elected United States
senator to succeed Louis F. McComas.
The Republican minority voted unani-
mously for McComas.

Isidor Rayner was born in Balti-
more April 11, 1850, and was educated
at the University of Virginia. He was
admitted to the bar in Baltimore in
1871 and served two years in the
Maryland legislature in the sessions
of 1879-81. In 1886 he was elected to
the state senate and two years later
was elected to congress and was re-
elected in 1892, but being a candidate
in 1890. He was counsel to Rear Ad-
miral Schley in 1901 before the naval
commission that investigated the bat-
tle of Santiago bay. He has just
served four years as attorney general
of Maryland.

THE BLUES

Don't Wait Until Your Sufferings Have Driven You to Despair, With Your Nerves All Shattered and Your Courage Gone.

When a cheerful, brave, light-hearted woman is suddenly plunged into that perfection of misery, the BLUES, it is a sad picture. It is usually this way: She has been feeling "out of sorts" for some time; head has ached, and back also; has slept poorly, been quite nervous, and nearly fainted once or twice; head dizzy, and heart beats very fast; then that bearing-down feeling. Her doctor says: "Cheer up; you have dyspepsia; you will be all right soon."

But she does not get "all right." She grows worse day by day, till all at once she realizes that a distressing female complaint is established. Her doctor has made a mistake.

She has lost faith in him; hope vanishes; then comes the brooding, morbid, melancholy, everlasting BLUES.

Lydia E. Pinkham's Vegetable Compound instantly asserts its curative powers in all those peculiar ailments of women, and the story recited above is the true experience of hundreds of American women, whose letters of gratitude we are constantly publishing.

Surely you cannot wish to remain weak and sick and discouraged, exhausted with each day's work. If you have some derangement of the female organism try the remedy that has restored a million women to health.

Lydia E. Pinkham's Vegetable Compound

"I cheerfully recommend Lydia E. Pinkham's Vegetable Compound to my suffering sisters as a perfect medicine for all female derangements. I was troubled with displacement of the womb and other female weakness. Had headache, backache, and such bearing-down pains I could hardly walk across the floor, and was very nervous."

"A friend advised me to try your medicine, which I did, and after using the first bottle I began to improve. I took in all twelve bottles of Vegetable Compound, one box of Liver Pills, also used the Sanative Wash and was cured, and have no return of my troubles. I am as well now as I ever was. I am more thankful every day for your cure."

"I know that your medicine will do everything that it is recommended to do for suffering women."—Mrs. DORA ANDERSON, North Muskegon, Michigan.

"I want to tell you what your remedies have done for me. Before taking them I used to have a continuous headache, would be very dizzy, would have spells when everything seemed strange, and I would not know when I was well."

"I went to our local doctor. He gave me some medicine, but it did not seem to do me any good, but after taking Lydia E. Pinkham's Vegetable Compound, I began to improve at once."

"I can honestly recommend your remedies to all suffering women, and advise all to give it a trial."—Mrs. HENRY SELL, Van Wyck, Wash.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

FREE MEDICAL ADVICE TO WOMEN.

If there is anything in your case about which you would like special advice, write freely to Mrs. Pinkham. She will hold your letter in strict confidence. She can surely help you, for no person in America can speak from a wider experience in treating female ills. She has helped hundreds of thousands of women back to health. Her address is Lynn, Mass., and her advice is free. You are very foolish if you do not accept her kind invitation.

TROOPS LEAVE CUBA

Last Vestige of American Occupation Removed from the Island.

PALMA EXPRESSES GRATITUDE

Says by This Act United States Proves Sincerity of Her Motives—Cuban People Will Always Remember Aid Rendered in Their Need.

Havana, Feb. 5.—The last vestige of the American occupation of Cuba disappeared when the American flag was lowered from the Cuban bar-

ricks and the last battalion of American soldiers marched to the Tricornia pier and boarded the transport Sumner.

President Palma and the members of his cabinet, General Roderiguez, commander of the rural guards; United States Minister Squiers and the members of the legislation staff, took their places facing the centre of the parade ground. After the soldiers had presented arms the American flag was lowered, a salute of 21 guns being fired from the fortress. The Cuban flag was raised in its place and also saluted with 21 guns. President Palma then said:

"On this momentous occasion my feelings overcome me, and my heart must supply my deficiency of words. We are confronted by one of the most extraordinary facts recorded in history, the departure from our shores of the last troops the United States had kept in Cuba, after helping us to secure our independence and the blessings of freedom. They could stay longer. An unjust demand could be

imposed upon us, but on the contrary, the government of the United States, identified as it is with the liberal spirit and noble character of the American people, proves the sincerity of the aid it rendered us and shows that we have as an independent people the confidence of one of the most powerful nations on earth.

"This act in withdrawing troops from Cuban territory reflects upon the United States everlasting glory and makes us proud of ourselves, for it means that nobody doubts our ability to govern ourselves. This new consideration shown us, together with the services we have previously received at their hands, will bind the Cuban people to the American people forever in a strong tie of sincere gratitude."

"I beg you, Mr. Squiers, to be the interpreter of these feelings to the government and the people of the United States. I beg all present to bid Godspeed to the departing officers and soldiers, and to express our wishes for the increasing prosperity and welfare of the American nation."

Hearing on Eight-Hour Bill.

Washington, Feb. 5.—The eight-hour bill was the subject of discussion in the house committee on labor. Samuel Gompers, president of the American Federation of Labor, made a brief argument in its behalf, while representatives of employers argued against it.

An Early Riser.
A strong, healthy, active constitution depends largely on the condition of the liver. The famous little pills known as DeWitt's Little Early Risers not only cleanse the system, but they strengthen the action of the liver and rebuild the tissues supporting that organ. Little Early Risers are easy to act, they never gripe and yet they are absolutely certain to produce results that are satisfactory in all cases. Sold by Alvin H. Bulger.

What You Need for Constipation.
When troubled with constipation, what you need is a remedy that is sure to produce the desired effect. A remedy that is mild and gentle in its action. A remedy that leaves the bowels in a natural and healthy condition. A remedy that is easy and pleasant to take. Chamberlain's Stomach and Liver Tablets meet all of these requirements. Give them a trial and you will never wish to take another dose of pills. Use them as directed and they will cure chronic constipation. Price 25 cents. Every box is warranted for sale by Alvin H. Bulger.

Spared the Historian.
On one occasion during Mommensen's residence in Italy, when making an excursion in the neighborhood of Rome with some tourists, the party was stopped by brigands. The latter, while busy piling the company's pockets, inquired their names. "Sono Theodor Mommensen," was the chieftain professor's indignant reply, whereupon the chief of the band stayed his hand. He said he would scorn to rob one who had done so much for Italy's return.

STATESMEN IN CONFERENCE

Serious State of Affairs Indicated by Hurried Consultations—Russian Fleet Puts to Sea—Troops Will Attempt to Land at Chemulpo.

Port Arthur, Feb. 5.—The Russian fleet has returned here. The fleet put to sea at dawn Feb. 3. It has taken up its anchorage outside the harbor. It was maneuvering, it is reported, against 60 Japanese warships off Wei-Hai-Wei.

London, Feb. 5.—A dispatch from Tokio says: "The general impression here is that all hope of peace is gone. The elder statesmen had a conference at which the emperor was present. It is believed a weighty decision was reached."

A dispatch from Seoul, Korea, says that about 6,000 Russian troops have sailed from Port Arthur and will endeavor to land at Chagulpoo, the port of Seoul.

Tokio, Feb. 5.—Premier Katsura and his associates in the cabinet gave a dinner to 18 representative peers and communicated to them the nature of the diplomatic negotiations with Russia. The Marquis Ito had a private audience with the emperor, at which the situation was discussed. These and other incidents clearly indicate the seriousness of the situation.

It is believed Russia is massing troops north of the Yalu river so as to be prepared to resist a possible invasion by the Japanese.

The government has been informed that the Russian fleet has left Port Arthur. Its destination is not known.

Anxiety at St. Petersburg.
St. Petersburg, Feb. 5.—The Russian response to the latest Japanese note was sent to Tokio last night. The feeling in the higher circles continues to be that Russia has offered substantial concessions, but that she cannot meet Japan's wishes regarding Manchuria or agree to Japanese fortifications in Southern Korea. It is intimated in certain unofficial quarters that if Japan should offer a counter proposal that Russia guarantee China's Manchurian treaties, irrespective of the ultimate sovereignty of the province, there might be a chance of reaching such a compromise.

Much anxiety and doubt prevail here with regards to the future, but one thing is certain—Russia will not declare war, nor will she initiate hostile action if the negotiations break down. Russia will remain quiescent until attacked.

Nothing is known here officially regarding the reported departure of the Russian fleet from Port Arthur. The report is attributed to the fact that a few of the ships have gone on a short cruise.

THE BLUES

Don't Wait Until Your Sufferings Have Driven You to Despair, With Your Nerves All Shattered and Your Courage Gone.

When a cheerful, brave, light-hearted woman is suddenly plunged into that perfection of misery, the BLUES, it is a sad picture. It is usually this way:

She has been feeling "out of sorts" for some time; head has ached, and back also; has slept poorly, been quite nervous, and nearly fainted once or twice; head dizzy, and heart beats very fast; then that bearing-down feeling. Her doctor says: "Cheer up; you have dyspepsia; you will be all right soon."

But she does not get "all right." She grows worse day by day, till all at once she realizes that a distressing female complaint is established. Her doctor has made a mistake.

She has lost faith in him; hope vanishes; then comes the brooding, morbid, melancholy, everlasting BLUES. Lydia E. Pinkham's Vegetable Compound instantly asserts its curative powers in all those peculiar ailments of women, and the story recited above is the true experience of hundreds of American women, whose letters of gratitude we are constantly publishing.

Surely you cannot wish to remain weak and sick and discouraged, exhausted with each day's work. If you have some derangement of the female organism try the remedy that has restored a million women to health.

Lydia E. Pinkham's Vegetable Compound

"I cheerfully recommend Lydia E. Pinkham's Vegetable Compound to my suffering sisters as a perfect medicine for all female derangements. I was troubled with displacement of the womb and other female weakness. Had headache, backache, and such bearing-down pains I could hardly walk across the floor, and was very nervous."

"A friend advised me to try your medicine, which I did, and after using the first bottle I began to improve. I took in all twelve bottles of Vegetable Compound, one box of Liver Pills, also used the Sanative Wash and was cured, and have no return of my troubles. I am as well now as I ever was. I am more thankful every day for my cure."

"I know that your medicine will do everything that it is recommended to do for suffering women."—Mrs. DORA ANDERSON, North Muskegon, Michigan.

"I want to tell you what your remedies have done for me. Before taking them I used to have a continuous headache, would be very dizzy, would have spells when everything seemed strange, and I would not know where I was."

"I went to our local doctor. He gave me some medicine, but it did not seem to do me any good, but after taking Lydia E. Pinkham's Vegetable Compound, I began to improve at once."

"I can honestly recommend your remedies to all suffering women, and advise all to give it a trial."—Mrs. HENRY SELL, Van Wyck, Wash.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

FREE MEDICAL ADVICE TO WOMEN.

If there is anything in your case about which you would like special advice, write freely to Mrs. Pinkham. She will hold your letter in strict confidence. She can surely help you, for no person in America can speak from a wider experience in treating female ills. She has helped hundreds of thousands of women back to health. Her address is Lynn, Mass., and her advice is free. You are very foolish if you do not accept her kind invitation.

TROOPS LEAVE CUBA

Last Vestige of American Occupation Removed from the Island.

PALMA EXPRESSES GRATITUDE

Says by This Act United States Proves Sincerity of Her Motives—Cuban People Will Always Remember Aid Rendered in Their Need.

Havana, Feb. 5.—The last vestige of the American occupation of Cuba disappeared when the American flag was lowered from the Cuban bar-

ricks and the last battalion of American soldiers marched to the Tricornia pier and boarded the transport Sumner.

President Palma and the members of his cabinet, General Roderiguez, commander of the rural guards; United States Minister Squiers and the members of the legislation staff, took their places facing the centre of the parade ground. After the soldiers had presented arms the American flag was lowered, a salute of 21 guns being fired from the fortress. The Cuban flag was raised in its place and also saluted with 21 guns. President Palma then said:

"On this momentous occasion my feelings overcome me, and my heart must supply my deficiency of words. We are confronted by one of the most extraordinary facts recorded in history, the departure from our shores of the last troops the United States had kept in Cuba, after helping us to secure our independence and the blessings of freedom. They could stay longer. An unjust demand could be

imposed upon us, but on the contrary, the government of the United States, identified as it is with the liberal spirit and noble character of the American people, proves the sincerity of the aid it rendered us and shows that we have as an independent people the confidence of one of the most powerful nations on earth.

"This act in withdrawing troops from Cuban territory reflects upon the United States everlasting glory and makes us proud of ourselves, for it means that nobody doubts our ability to govern ourselves. This new consideration shown us, together with the services we have previously received at their hands, will bind the Cuban people to the American people forever in a strong tie of sincere gratitude."

"I beg you, Mr. Squiers, to be the interpreter of these feelings to the government and the people of the United States. I beg all present to bid Godspeed to the departing officers and soldiers, and to express our wishes for the increasing prosperity and welfare of the American nation."

ILLNESS NOT DANGEROUS. Senator Hanna's Physicians Confident of His Recovery.

Washington, Feb. 5.—There has been no distinct change in the condition of Senator Hanna, who is suffering from the grip and great physical exhaustion. The attending physicians express the belief that if there are untoward developments the senator will recover in a reasonable time. Dr. Rixey made the following brief statement:

"There is no change in Senator Hanna's condition. A blood examination is being made. If everything goes all right from now on we will have Senator Hanna up in a week and send him away to recuperate."

Dr. Rixey ascribes the irritation which had set up in his patient's stomach to the resulting effects of the grip. Dr. Rixey does not anticipate that the examination of Senator Hanna's blood will show the presence of typhoid. If it does, however, he explained that it would be only in an "irregular" form. The blood examination was determined on, he said, as a precautionary measure with the view to ascertaining the presence of any suppurative anywhere.

The senator is unable to take any solid food and his nourishment has been confined to milk. He is in consequence very much weakened. His pulse is said to be normal, with temperature slightly over 100.

SUIT SALE

OUR ANNUAL \$11 Suit and Overcoat sale is on. Sixteen hundred fine suits and overcoats from which to select. It is not a sale of a day or of a week, yet, it is not well to put off buying, for, from the innumerable styles, patterns and sizes, and qualities as well, the early chooser fares best. We told you last week, that we proposed making our

advertising more profitable, by making it clearly and distinctively understood that every word is the truth, and we tell you candidly that there is no exaggeration in this statement; that at this sale, you can buy almost \$2 worth of clothing for \$1; for spring goods are already crowding in upon us, and the space occupied by the balance of the fall and winter stocks as well as the money they represent, can be used by us to good advantage.

Brief Notes of a Personal Nature And of Matters About Town.

Meeting Postponed.—The illness of President Grafton caused the postponement of the meeting of the board of public safety last evening.

Broke Her Arm.—Muriel, daughter of W. T. Tebbutt, yesterday fell and broke her arm. The same arm had been broken only a short time before.

Long Since Dead.—Attorney Walter B. Hill lately received a request from England to look up William Ellis, formerly of Fenton, England, whose relatives were desirous of learning his whereabouts. It was discovered that Mr. Ellis died in this city in 1853. He was a pioneer pottery worker here.

Cut Her Finger Badly.—Miss Nellie Headley, a pupil of the Sixth street school, met with a very painful accident yesterday. The girl was in the act of sharpening a lead pencil and had nearly completed the task when the knife slipped and cut her finger. The gash was deep and very painful. Some difficulty was encountered in stopping the flow of blood, but it was finally accomplished, and she will soon recover unless blood poisoning sets in.

Queen Quality

That Light Step.

No woman can afford to ignore her shoes unless she hands in her resignation to polite society. For her shoes determine her walk. And her walk decides her style, her carriage, her posture, her whole attitude and bearing as she moves about.

A lady's shoe should always be Light in Weight and Flexible to the foot to enable her to walk in an Easy, Graceful Manner. This is the especial charm of "Queen Quality" shoes. They are trim and neat in shape and actually create an elastic, graceful step which is worth ten years of youthfulness to a middle-aged woman.

SOCIAL EVENTS

Willing Workers.

The Willing Workers, a society made up principally of ladies of St. John's Evangelical Lutheran church, conducted a lunch at the residence of Mrs. C. N. Miller on Fourth street yesterday afternoon and evening. The affair was most successful, and others will be held from time to time during the spring. The society is engaged in raising money for the benefit of the hospital, and their efforts are encouraged by a large number of people. Arrangements are being made for a food sale to be held on the afternoon and evening of February 13. A room has been procured for the occasion near Jackson and Sixth streets, adjoining 141 Jackson, where the ladies will dispense the wares for sale until a late hour.

Had to Be a Limit.

"Squire J. N. Rose wishes to announce that his birthday banquet will be held on Wednesday evening, February 10, at 8:30 p. m., at D. A. Devine's private dining parlors on Second street. The "squire is giving this little party to the members of the bar and of the press of the city. He has enough friends to fill the Grand opera house three or four times over, and regrets that he cannot invite them all. But there had to be a limit to the number of invitations, and the popular justice drew it regretfully.

Recitations, Music and Games.

Miss Laura Cobb entertained a few of her friends last evening at her home on Lincoln avenue, in honor of the Misses Hartzell, who are visiting in this city. The program for the evening consisted of a number of pleasing recitations, musical selections and games. The appointments were in perfect harmony with the entire entertainment. The first prize in the playing of games was won by Miss Ellen Orr and Miss Amanda Hartzell won the second prize.

Dance at Beaver Falls.

The dance given last evening by the Quintus club, of Beaver Falls, was very much enjoyed by a number of the East Liverpool young people who attended. It was the first annual hop of the club and the following from this city were present: Messrs. Clyde Huss, Robert West, John Carnahan, Gaylord Albright, and Misses Olive Hamilton, Mame Randall, Emma Wilson and Emma Owen.

Pleasant Party.

Miss Clara Wagner was hostess of a very pleasant party given last evening at her home on Bradshaw avenue in honor of the Misses Hartzell, of Rochester, who are her guests. The evening was spent in popular games and music, and the young people enjoyed the evening to its fullest extent. George Lowary, of Wellsville, was awarded first prize and Mr. Moses Alexander won the consolation prize.

Entertained Friends.

Miss Blanche Carey entertained 20 of her young lady friends last evening at her home on East Market street. The function was a progressive peanut party and a luncheon was served at a seasonable hour.

ENGINEERS' BILL

Excluding Unconstitutional Features of the Old Act Is Now a Law.

Columbus, February 5.—(Special).—The house passed the Pollock bill to reorganize the state board of examination and for registration of stationary engineers. The bill simply strikes out some of the unconstitutional features of the present law. The bill is now a law.

The Aiken bill providing for the payment of 25 cents to each member of the Ohio National Guard for attending drill passed the house and is now half a law.

The Asler bill, repealing the Cole forfeiture law, passed the house without opposition.

Whitney's Hermit Friend.

The late Alex Gunn, "the hermit of Zoar," numbered among his close friends Hon. William C. Whitney, the lamented former secretary of the navy, who died Tuesday afternoon. When Mr. Gunn died about two years ago ex-Secretary Whitney attended his funeral services in the historic little town of Zoar. He also published the diary of the hermit in elegant book form and paid other tributes to the memory of his friend. Mr. Whitney's book was certainly a valuable contribution to the history of Tuscarawas county.

An Indictment Nollied.

Lisbon, February 5.—(Special).—A liquor indictment against Charles Parker, of East Liverpool, has been nollied.

ADDITIONAL PERSONALS.

Bert Burford, of this city, is a guest of his brother, G. W. Burford, at New Cumberland.

MARINES ARE LANDED.

United States Protects German Interests in San Domingo.

San Domingo, Friday, Jan. 29.—The troops under the command of the rebel General Rodriguez arrived at Pajarito last night from San Pedro de Macoris. Fighting at once commenced. A general attack is expected at any moment. The town of San Carlos, which has been captured by the insurgents, was set afire.

It is rumored here that Santa Barbara de Samana and Sanchez have been captured by government forces. The United States cruiser Columbia, at the request of the German consul at Santa Barbara de Samana, landed marines to protect German interests.
